1983 ANNUAL REPORT

Town of Raymond New Hampshire

DUDLEY-TUCKER LIBRARY

75th ANNIVERSARY

1908 — 1983

N. H. STATE LIBRARY

MAY 28 1984

CONCORD, N. H.

THE DUDLEY-TUCKER LIBRARY
1908 - 1983

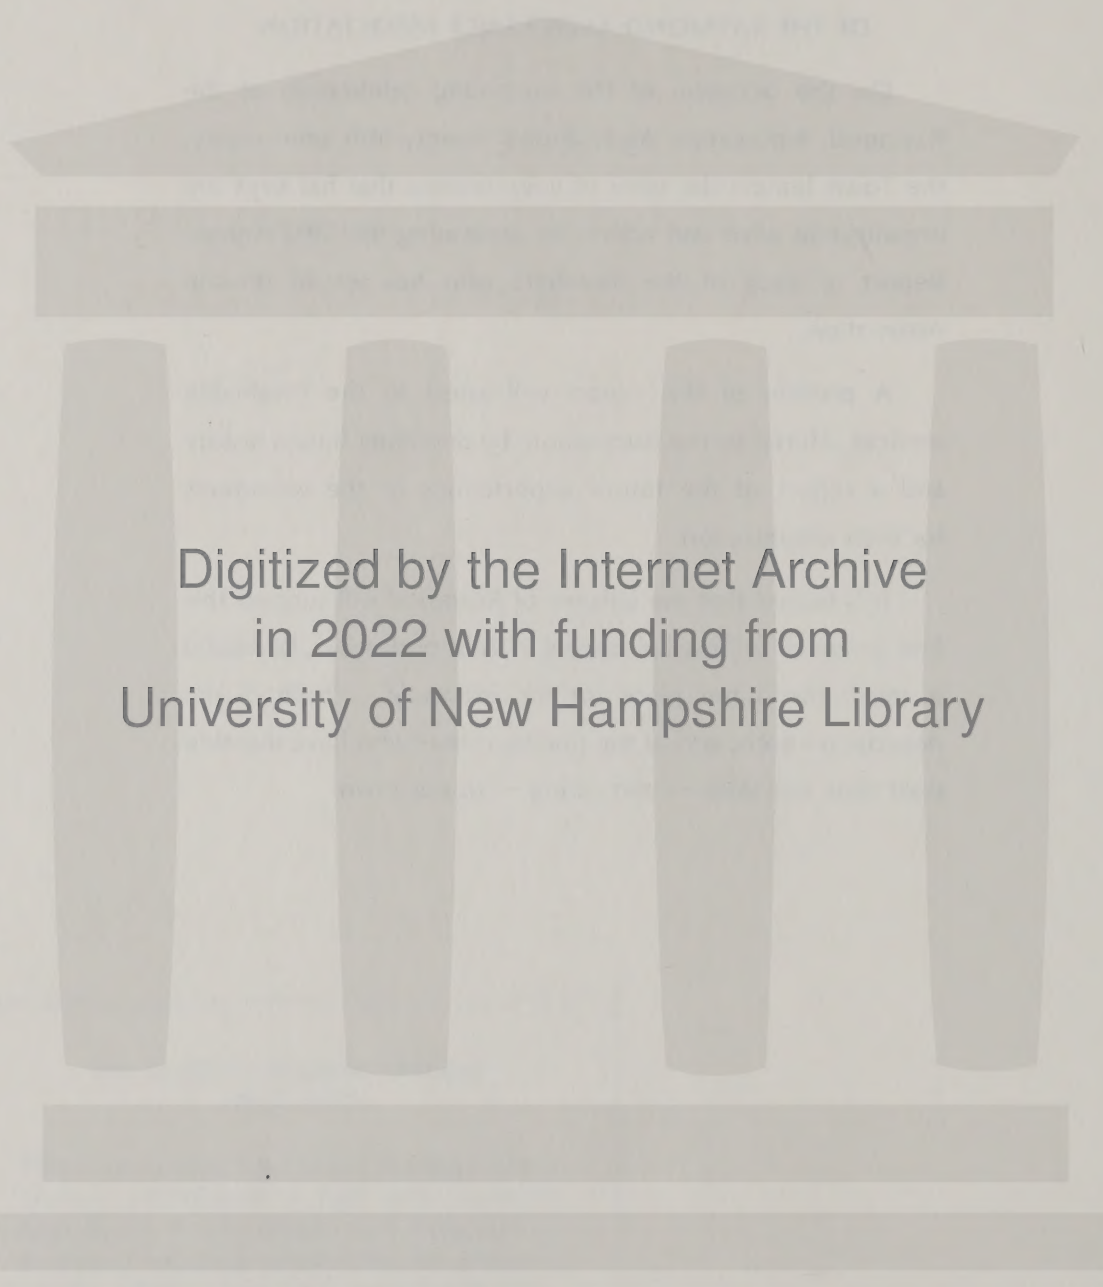

This year's cover depicts the Dudley-Tucker Library, established in 1908 with Carnegie Foundation Funds sought and obtained by Raymond residents of the time. Descendents of the original founders, most particularly of Gilman Tucker, continue to support and administrate for the Library, making it one of Raymond's finest institutions, with a circulation of nearly twenty-thousand volumes annually.

**DEDICATED TO THE VOLUNTEERS
OF THE RAYMOND AMBULANCE ASSOCIATION**

On the occasion of the upcoming celebration of the Raymond Ambulance Association's twenty-fifth anniversary, the Town honors the spirit of volunteerism that has kept the organization alive and active, by dedicating the 1983 Annual Report to each of the members who has served on the Association.

A portion of this report will attest to the invaluable services offered by the Association, by providing both a history and a report of the future expectations of the volunteers for their organization.

It is hoped that the citizens of Raymond will support this fine group of selfless volunteers in their endeavors. Raymond is much the better place for the existence both of the Association itself, and of the fine members who have donated their time and skills — and caring — to our town.

THE STATE OF NEW HAMPSHIRE

THE POLLS WILL BE OPEN FROM 10:00 A.M. TO 6:00 P.M.

To the inhabitants of the Town of Raymond in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Raymond High School Gymnasium in said Raymond on Tuesday, the eighth day of March, 1983, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. Are you in favor of changing the term of the Town Clerk/Tax Collector from one year to three years, beginning with the term of the Town Clerk/Tax Collector to be elected at the next year's regular town meeting? (Inserted on petition of ten or more legal voters.)
3. Shall we adopt the provisions of RSA 72:43-F for the adjusted elderly exemption from property tax? These statutes provide for the following exemptions, based on assessed value, for qualified taxpayers: For

a person 65 years of age up to 75 years of age, \$10,000; for a person 75 years of age up to 80 years, \$15,000; for a person 80 years of age or older, \$20,000. To qualify, the person must have been a New Hampshire resident for at least 5 years. In addition, the taxpayer must have a net income of less than \$10,000.00 or, if married, a combined net income of less than \$12,000.00, and own net assets of \$30,000 or less, excluding the value of the person's residence. (Inserted on petition of ten or more legal voters.)

Given under our hands and seal, this ninth day of February in the year of our Lord nineteen hundred and eighty-three.

OFFICIAL TOWN ELECTION March 8, 1983

The meeting was called to order by Moderator, Frank Case at 10:01 A.M. The Warrant was read by the Moderator. Rev. Neil Iverson then offered a prayer and the Salute to the flag of the United States of America followed. The Moderator announced the ballot clerks as follows: Pauline Gordon, Elizabeth Robinson, Phyllis Harmon, Tina Pietrowski, Joan King, Rita Curtis, Marilyn Bagley, and Assunta Ege.

All ballot boxes had been inspected, locked, and sealed before the opening of the polls. A motion was made by Gordon Cammett to have the polls opened until 7:00 P.M. Jim Turner seconded. Voted in the affirmative.

A complaint was received by Harriet Cady that the voting squares did not line up on the ballots. The Moderator declared the polls closed at 7:00 P.M.

Results of voting are as follows:

Total regular vote:	699
Total absentee vote:	13
Total vote:	712

THE STATE OF NEW HAMPSHIRE

The Polls will Open at Ten A.M.

To the inhabitants of the Town of Raymond in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Raymond High School Gymnasium in said Raymond on Saturday, the twelfth day of March, 1983, at ten o'clock in the forenoon, to act upon the following subjects:

1. To raise such sums of money as may be necessary to defray town charges for the year ensuing and make appropriations of same.

2. To see if the town will vote to authorize the Selectmen to make application for and to receive and spend in the name of the town such advances, grants-in-aid, or other funds for town purposes as may now or hereafter be forthcoming from Federal, State, local, or private agencies as would be of benefit to the town.
3. To see if the town will vote to authorize the Selectmen to borrow money in anticipation of taxes.
4. To see if the town will vote to authorize the Selectmen to transfer tax liens and convey property acquired by the town by tax collector's deed by public auction (or advertised sealed bid) or in such other manner as determined by the Selectmen as justice may require.
5. To see if the town will vote to rescind its prior vote for the appointment of the Chief of Police at its annual town meeting of March of 1981 and to provide at the time of the annual town meeting in March of 1984 and thereafter, that the Chief of Police shall be elected by the voters unless removed for cause by the Selectmen. (Inserted on petition of ten or more registered voters.)
6. To see if the town will vote to appropriate the sum of \$30,000.00 (Thirty Thousand Dollars) for the financing of a reappraisal of all taxable properties in the town, and to authorize the withdrawal of this sum for this purpose from the Federal Revenue Sharing Fund, and to name the Selectmen as agents for the fund.
Recommended by the Budget Committee
7. To see if the town will vote to appropriate the sum of \$50,000.00 (Fifty Thousand Dollars) for the purpose of financing solid waste disposal and to authorize the withdrawal of this sum for this purpose from the Federal Revenue Sharing Fund.
Recommended by the Budget Committee
8. To see if the town will vote to authorize the Board of Selectmen to accept, on behalf of the Town, from the Trustees

of the Property of Boston & Maine Corporation Debtor, all the Trustees' right, title and interest in and to the following structure, exclusive of the fee in any land appurtenant thereto; namely a single span timber-through-truss bridge including abutments and approach fences ((B & M No. 24.09) carrying Onway Lake (Gile) Road over the Portsmouth Branch of said Trustees.

9. To see if the town will vote to raise and appropriate the sum of \$10,500.00 (Ten Thousand, Five Hundred Dollars) as the town's share to remove the bridge described in Article 8, install a metal culvert suitable for snowmobiles, and reconstruct approximately 300 feet of roadway. This appropriation is contingent upon receipts of \$49,000.00 (Forty-nine Thousand Dollars) in Federal Aid and \$10,500.00 (Ten Thousand, Five Hundred Dollars) in State Aid.

Recommended by the Budget Committee

10. To see if the town will vote to raise and appropriate the sum of \$35,000.00 (Thirty-five Thousand Dollars) for the purpose of preparing the final design engineering plans and specifications for the reconstruction of Main and Epping Streets.

Recommended by the Budget Committee

11. To see if the town will vote to raise and appropriate the sum of \$8,600.00 (Eight Thousand, Six Hundred Dollars) for the purchase of a police cruiser including strobe lights and siren.

Recommended by the Budget Committee

12. To see if the town will vote to raise and appropriate the sum of \$7,000.00 (Seven Thousand Dollars) for the purchase of 2,000 feet of 2½" hose; three Scott Pressure Pak II air packs; and two garage door openers for the fire station.

Recommended by the Budget Committee

13. To see if the town will vote to raise and appropriate the sum of \$20,000.00 (Twenty Thousand Dollars) for the purchase of a used chassis with diesel engine, and a P.T.O. pump for same, to replace the

1953 army truck on tank 2.

Recommended by the Budget Committee

14. To see if the town will vote to raise and appropriate the sum of \$2,000.00 (Two Thousand Dollars) to be placed in a Capital Reserve Fund for the purpose of updating, remodeling, and/or the acquisition of, communications equipment for the town.

Recommended by the Budget Committee

15. To see if the town will vote to raise and appropriate the sum of \$5,000.00 (Five Thousand Dollars) for the purpose of constructing a toilet facility at Onway Beach.

Recommended by the Budget Committee

16. To see if the town will vote to raise and appropriate the sum of \$2,056.00 (Two Thousand, Fifty-six Dollars) to purchase a radar unit. This appropriation is contingent upon receipt of a grant from the N. H. Highway Safety Agency in the amount of \$1,028.00.

Recommended by the Budget Committee

17. To see if the town will vote to raise and appropriate the sum of \$1,500.00 (One Thousand, Five Hundred Dollars) to defray a portion of the cost of service rendered by the Area Homemaker Home Health Aide Service, Incorporated. (Inserted on petition of ten or more registered voters.)

Recommended by the Budget Committee

18. To see if the town will vote to raise and appropriate the sum of \$1,300.00 (One Thousand, Three Hundred Dollars) for the Newmarket Regional Health Center services and programs, including both the Medical Program and the Senior Citizen Transportation Program. (Inserted on petition of ten or more registered voters.)

Budget Committee Recommends
\$1,100.00

19. To see if the town will vote to raise and appropriate the sum of \$5,355.00 (Five Thousand, Three Hundred Fifty-five

Dollars) for the support of the Rockingham County Community Action Program, Incorporated. (Inserted on petition of ten or more registered voters.)

Recommended by the Budget Committee

20. To see if the town will vote to raise and appropriate the sum of \$6,440.00 (Six Thousand, Four Hundred Forty Dollars) for the support of the Exeter Area Visiting Nurse Association, Inc. (Inserted on petition of ten or more registered voters.)

Recommended by the Budget Committee

21. To see if the town will vote to raise and appropriate the sum of \$2,142.00 (Two Thousand, One Hundred Forty-two Dollars) to assist the Rockingham Child and Family Services. (Inserted on petition of ten or more registered voters.)

Budget Committee Recommends
\$1,500.00

22. To see if the town will vote to raise and appropriate the sum of \$2,500.00 (Two Thousand, Five Hundred Dollars) for the Seacoast Task Force on Family Violence, a private, non-profit organization which operates A SAFE PLACE, a shelter for battered women and their children.

on petition of ten or more registered voters.

Budget Committee Recommends
\$500.00

23. To see if the town will vote to raise and appropriate the sum of \$2,000.00 (Two Thousand Dollars) to assist the Seacoast Regional Counseling Center, a private, non-profit organization. (Inserted on petition of ten or more registered voters.)

Budget Committee Recommends
\$500.00

24. To see if the town will vote to go on record in support of immediate actions by the Federal Government to control and reduce acid-rain, which is harmful to the environment and economy of Raymond, N. H., and to the health and welfare of the people of Raymond, N. H. These actions shall include:

1. Reduce by at least half the major cause

of acid-rain, sulfur dioxide emissions, by the year 1990.

2. Conclude negotiations and adopt a treaty with the government of Canada that will commit both nations to this same goal.

The record of the vote on this article shall be transmitted to the New Hampshire Congressional Delegation and to the President of the United States. (Inserted on petition of ten or more registered voters.)

25. To see if the Town will vote to adopt the following By-law governing Certificates of Occupancy:

In the interest of health, safety and general welfare of all persons residing in the Town, it shall be mandatory for all property owners in the Town owning property as herein defined to file a certificate of occupancy with the Board of Selectmen of the Town of Raymond in the form and manner as prescribed by said Board, prior to the occupancy of said property.

Property is herein defined to mean and include all new dwellings or mobile homes, the construction of which is completed subsequent to the effective date of this By-law. Property is further defined to mean and include all seasonal to year-round use conversion, or any conversion of a non-residential structure to a single or multiple dwelling use, or of a residential structure to two or more dwelling units or apartments. In the event that said property is a multi-family dwelling, a separate certificate must be filed for each dwelling unit or apartment prior to each new occupancy.

Any property owner who shall violate the provisions of this By-law shall be punished as provided by R. S. A. 156:5 or any amendments or successors thereto.

This By-law will take effect upon its passage by the annual Town Meeting of the Town of Raymond.

26. To see if the voters of the Town of Raymond will empower the Planning

Board to review, and approve or disapprove site plans for the development of tracts for non-residential uses, or for multi-family dwelling units other than one- or two-family dwellings, whether or not such development includes a subdivision or resubdivision of the site. Such power is provided for in R. S. A. 36:19-a.

27. To see if the town will vote to adopt the By-law governing Licensing and Regulations for Amusement Devices and Centers.

This By-law will take effect upon its passage by the Annual Town Meeting of the Town of Raymond.

Given under our hands and seal this ninth day of February in the year of our Lord nineteen hundred and eighty-three.

A motion was made by Pat Wall and seconded by Ellen Hauge to accept Article #22 as written.

A motion was made by Sally Paradis and seconded by James Demeritt to amend Article #22 to read \$500.00.

VOTE TO AMEND ARTICLE #22 IN NEGATIVE

VOTE ON ARTICLE #22 IN AFFIRMATIVE.

ARTICLE #23

To see if the town will vote to raise and appropriate the sum of \$2,000.00 (Two Thousand Dollars) to assist the Seacoast Regional Counseling Center, a private non-profit organization (Inserted on petition of ten or more registered voters.) BUDGET COMMITTEE RECOMMENDS \$500.00.

A motion was made by Calvin Warburton and seconded by Ellen Hauge to accept Article #23 as written.

VOTE ON ARTICLE #23 IN AFFIRMATIVE.

ARTICLE #24

To see if the town will vote to go on

record in support of immediate actions by the Federal Government to control and reduce acid-rain, which is harmful to the environment and economy of Raymond, N.H. and to the health and welfare of the people of Raymond, N.H. These actions shall include:

1. Reduce by at least half the major cause of acid rain, sulfur dioxide emissions, by the year 1990.
2. Conclude negotiations and adopt a treaty with the Government of Canada that will commit both nations to this same goal.

The record of the vote on this article shall be transmitted to the New Hampshire Congressional Delegation and to the President of the United States. (Inserted on petition of ten or more registered voters.)

A motion was made by Gordon Cammett and seconded by Stephen Sloan to accept Article #24 as written.

VOTE ON ARTICLE #24 IN AFFIRMATIVE.

ARTICLE #25

To see if the town will vote to adopt the following By-law governing Certificates of Occupancy:

In the interest of the health, safety and general welfare of all persons residing in the Town, it shall be mandatory for all property owners in the Town owning property as herein defined to file a certificate of occupancy with the Board of Selectmen of the Town of Raymond in the form and manner as prescribed by said Board, prior to the occupancy of said property.

Property is herein defined to mean and include all new dwellings or mobile homes, the construction of which is completed subsequent to the effective date of this By-law. Property is further defined to mean and include all seasonal to year-round use conversion, or any conversion of a non-residential structure to a single or multiple dwelling use, or of a residential structure to two or more dwelling units or apartments. In the event that said property is a multi-family dwelling, a separate certificate must be filed for each dwelling unit or apartment prior to each new occupancy.

Any property owner who shall violate the provisions of this By-law shall be punished as provided by R.S.A. 156:5 or any amendments or successors thereto.

This By-law will take effect upon its

passage by the annual Town Meeting of the Town of Raymond.

A motion was made by James Turner and seconded by Ivan Reed to accept Article #25 as written.

After a discussion, James Demeritt motioned to move the question.

VOTE ON ARTICLE #25 IN NEGATIVE.

ARTICLE #26

To see if the voters of the Town of Raymond will empower the Planning Board to review, and approve or disapprove site plans for the development of tracts for non-residential uses, or for multi-family dwelling units other than one- or two-family dwellings, whether or not such development includes a subdivision or resubdivision of the site. Such power is provided for in R.S.A. 36:19-a.

A motion was made by Stephen Sloan and seconded by Harriet Cady to accept Article #26 as written.

VOTE ON ARTICLE #26 IN AFFIRMATIVE.

ARTICLE #27

To see if the town will vote to adopt the following By-law governing Licensing and Regulations for Amusement Devices and Centers:

1. Definition of terms. As used in this regulation, unless the context otherwise indicates.

A. The term "amusement device" shall mean any machine which, upon the insertion of a coin, slug, token, plate, or disc, may be operated by the public generally for use as a game, entertainment, or amusement, whether or not registering a score. It shall include such devices as electronic games, pin ball machines, skill ball, mechanical grab machines, and all games, operations or transactions similar thereto under whatever names they may be indicated. The term does not include vending machines in which are not incorporated gaming or amusement features, nor does the term include any coin-operated musical devices, rides, or pool tables.

B. The terms "person," "firm," "corporation," or "association," as used herein shall include the following: any person, firm, corporation or association which owns any amusement device; the person, firm, corporation or association in whose place of business any amusement device is placed for use by the public;

and the person, firm, corporation or association having control over an amusement device provided, however, that the payment of the license fee by any person, firm, corporation, or association enumerated herein shall be deemed in compliance with Section 5.

C. The term "amusement center" shall mean any premises having thereon available for use by the general public three (3) or more amusement devices.

2. Gambling Devices Not Permitted. Nothing in this By-law shall in any way be construed to authorize, license, or permit any gambling or gambling devices not permitted by State law.

3. License Required. No person, firm, corporation or association shall display for public patronage, or keep for operation, any amusement device as defined in Section 1, without first having obtained a proper license/permit from the Town of Raymond. All licenses/permits under this article shall expire on the thirtieth of July next following their issuance and may be renewed only after compliance with the procedures established by this article for the issuance of the original license/permit.

4. Amusement Center Licenses. Applicants having available for use by the general public at one location three (3) or more amusement devices, shall comply with all requirements of the Town of Raymond Ordinances.

A. Management Plan. The application for an Amusement Center License shall include, in addition to other required information, a management plan which at a minimum will set forth the following:

- 1) The actual hours of operation.
- 2) The minimum number of employees on duty at any time.
- 3) Parking facilities for patrons.
- 4) The maximum number of persons permitted on the premises, which number shall not exceed the limits established by the Fire Prevention Code.
- 5) A plan designed to avoid nuisances

and insure compliance with Town of Raymond Ordinances.

6) Rules governing the presence of minors unaccompanied by an adult,

7) Rules and regulations to be posted on the premises governing the operations of the center and conduct of its patrons. These rules should include but not be limited to such matters as dress code, consumption or possession of alcoholic beverages or controlled drugs, loitering, presence of minors during school or evening hours, and maximum occupancy.

B. Notice, Hearing, Appeal. The Board of Selectmen shall not issue a license to an amusement center until ten (10) days after it has published notice of the application for a license in a newspaper of general circulation in the town. During this ten-day period, the Board of Selectmen shall accept written comment from the public concerning the application. At the end of the ten-day period, the Board of Selectmen shall grant or deny the license and set the maximum hours of operation of the Amusement Center. Any person aggrieved by the decision of the Board of Selectmen to license any amusement center may within five (5) days from the date of the decision to license, request the Board of Selectmen to hold a public hearing on the application and to reconsider their decision. A renewal of an amusement center license shall be subject to the conditions and proceedings of this section.

C. Suspension or Revocation. A license issued under the provisions of this article to an Amusement Center may be suspended or revoked for violation of any provision of the Management Plan filed with the Board of Selectmen or of any condition imposed by the Zoning Board of Adjustment in granting the required special exception.

5. Amusement Device. Applicants having available for use by the general public at one location less than three (3) amusement devices, shall obtain a permit pursuant to the provisions of this article.

6. Application. The application for an Amusement Center and/or an Amusement Device license shall, in addition to such information as may be required by the Board of Selectmen, contain the following information:

A. The name and address of the applicant and, if a firm, corporation, partnership, or association, the principal officers thereof and their addresses.

B. The address of the premises where the licensed device or devices are to be operated, together with the character of the business as carried on at that place,

C. A general description of the type of device or devices to be licensed,

D. The name and address of the owner of the device or devices, if other than the applicant.

No license shall be issued to any applicant unless he shall be over eighteen (18) years of age.

7. License Fees. Every amusement center applicant, before being granted a license, shall pay a license fee of one hundred dollars (\$100.00) per year plus a fee per machine (see paragraph 11). All license fees shall be payable annually in advance, provided that where application is made after the expiration of any portion of any license year, a license may be issued for the remainder thereof upon payment of a proportionate part of the annual fee. In no case shall any portion of the license fee be repaid to the licensee.

8. Transfer of License. A license shall not be transferable from person to person nor from place to place, and shall be useable only at the place and by the person designated on the license.

9. Conditions and Restrictions. All licenses shall be subject to such conditions and restrictions as the Board of Selectmen deems it proper to impose in keeping with the intent of this By-law.

10. Time. Every Amusement Center shall be permitted to stay open for the reception of patrons from 10:00 o'clock in the morning until 11:00 o'clock in the evening, except Sundays, which will be from 12:00 noon until 11:00 P.M.

11. Annual Fee Per Machine. (See Paragraphs 5 and 7.)

Number of Machines	Fee
1 to 2	50.00 each per year
3 to 10	\$250.00 per year (flat)
11 to 20	\$500.00 per year (flat)
21 to 30	\$750.00 per year (flat)

11. Penalty Clause. Any person who violates any provision of this By-law shall be guilty of a violation and each day any such violation shall continue shall constitute a separate offense. In addition to the penalty herein-above described, the Board of Selectmen is authorized to commence action in the Rockingham County Superior Court to seek injunctive relief in order to enforce the provisions of this By-law.

13. Severability. The invalidity of any provision or section of this By-law shall not affect the validity of any other provision or section of this By-law.

This By-law will take effect upon its passage by the Annual Town Meeting of the Town of Raymond.

Given under our hands and seal this ninth day of February in the year of our Lord nineteen hundred and eighty-three.

Gordon A. Cammett

Ivan C. Reed

James R. Turner

Selectmen of Raymond

James R. Turner

Selectmen of Raymond

A motion was made by Harriet Cady and seconded by Joe Harpham to accept Article #27 as written without being read.

VOTE ON ARTICLE #27 IN AFFIRMATIVE

A motion was made by Harriet Cady and seconded by Donna Margaritis that a resolution that the voters of the Town of Raymond approve a committee to be appointed to include Richard Ladd, Myron Cate, one member of the Conservation Commission, one member of the Planning Board, one person from P.O.W.A., Frank Bishop and a business person as well as six other members

of the community, appointed by the Moderator. They will be charged to investigate the allegations stated at today's meeting concerning the Raymond Landfill and to make further any recommendation to the town necessary to make sure Raymond is the only community putting any hazardous waste material into our dump. The Selectmen will make available all information they have.

RESOLUTION WAS VOTED IN THE
AFFIRMATIVE.

A motion was made by Gordon Cammett, Sr. and seconded by Harriet Cady to adjourn the meeting at 4:20 p.m.

A true record attest:

SPECIAL MEETING

The State of New Hampshire

To the Inhabitants of the Town of Raymond in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Raymond High School Gymnasium in said Raymond on Saturday, the First day of October 1983, at Ten o'clock in the forenoon, to act upon the following subjects:

1. On written petition of fifty or more registered voters of the Town of Raymond, to see if the voters are in opposition to the construction of the ramp leading from the interchange of the new Route 101 highway to Old Manchester Road and to notify the New Hampshire Highway Department as to the action taken.

Given under our hands and seal, this Twelfth day of September, in the year of our Lord nineteen hundred and eighty-three.

A true copy of Warrant — Attest:

Ivan C. Reed
Sally L. Paradis
James R. Turner
Selectmen of Raymond

SPECIAL TOWN MEETING

October 1, 1983

The Special Town Meeting of Raymond, N.H., was held at the Raymond High School Gymnasium on Saturday, October 1, 1983. The meeting was called to order at 10:00 A.M. by Moderator Frank Case.

The Moderator announced the ballot clerks for the meeting as follows: Margaret Case, Sylvia Littlefield, Assunta Ege, Elizabeth Robinson, Pauline Gordon, Joan King, Delmar Anderson and Marilyn Bagley.

Moderator Frank Case read the Article: On petition of fifty or more registered voters of the Town of Raymond, to see if the voters are in opposition to the construction of the ramp leading from the interchange of the new Route 101 Highway to Old Manchester Road, and to notify the New Hampshire Highway Department as to the action taken.

The Moderator announced that a request was made by five registered voters to have a secret ballot on this issue. The vote on the issue will be by secret ballot.

Motion was made by Frank Rock to accept the motion as written. This motion was seconded by Alice B. Walls. Voted in the affirmative.

Discussion on the issue of the ramps and their effect on the aquifer and surrounding area was undertaken at this time.

Mr. Bernard Lucey of the Water Pollution Control was present to answer questions relating to the effects on the aquifer.

Frank Rock, Sally Paradis, Alice Wall,

Stephen Keefe, Road Agent Hammond, and other members of the community addressed the issue.

John Ornell moved the question. James Demeritt seconded. Voted in the affirmative.

The Moderator announced that a Yes vote would be a vote to stop the ramps, and a No vote would be to continue with the ramp construction. The results of the voting are as follows:

YES: 19

NO: 63

Harriet Cady moved to adjourn the meeting. Alice Walls seconded. The meeting adjourned at 11:20 A.M.

Town Clerk/Tax Collector

STATE SPECIAL ELECTION

Town of Raymond Zoning Ordinance Amendments as Proposed by the Raymond Planning Board

October 18, 1983

The State Special Election and Town of Raymond voting on the Amendments to Raymond Zoning Ordinance as proposed by the Raymond Planning Board was held in the Raymond High School Gymnasium on Tuesday, October 18, 1983. Moderator Frank Case declared the polls open at 10:00 A.M.

The Moderator announced the ballot clerks as follows: Pauline Gordon, Sylvia Littlefield, Marilyn Bagley, Margaret Case, Rita Curtis, Elizabeth Robinson, Joan King and Susan Newton

All ballot boxes had been inspected, locked and sealed before the opening of the polls.

The Moderator read the following petition: By petition of the Undersigned, the Raymond Planning Board will allow the registered Raymond voters to vote on all proposed Zoning Regulations, in order to have it declared voted in the majority shall be by two-thirds vote as their right of protest to the proposed Zoning Regulations as per Chapter 31:64 in the New Hampshire R.S.A.

We the undersigned do protest the proposed Raymond Zoning Regulations to be voted upon at the next Town Meeting.

The Moderator declared that, as of this time, not enough acreage was involved to warrant this petition legal.

Affidavit of Challenged Voter was signed

by voters Greta Blake and Ralph Blake. The Challenge was made by Lorraine Reed.

Affidavit of Challenged Voter was signed by voters T. Anne Marvel and Robert Marvel. The challenge was made by Lorraine Reed.

The Moderator declared the polls closed at 7:00 P.M.

Harriet E. Cady, R., Raymond	398 votes
Susam M. Joyce, D., Epping	342 votes

RAYMOND POLICE DEPARTMENT

We the members of your Police Department are pleased to make the following report.

In the past year we have renewed our emphasis in law enforcement. The professionalism of our Officers, due to their integrity and dedication to you and their schooling has brought our overall activity up and as a result the crime and accidents in our Town are down and public safety enhanced. The uniformity in prosecution has brought about a better understanding of law enforcement.

We recognize also the public contribution. For example the active efforts in the investigation of school vandalism was enhanced by input by all the public sector. Thereby allowing us to efficiently and decisively close the case. We encourage and desire more input and thank you for your support.

We are continuing our training through Police Standards and Training in Concord, as well as other specialized training programs and expect to keep abreast of new and progressive ideas. These programs will be incorporated with in-service training so that the entire Department will benefit.

We have come in under budget through volume purchasing, close management of schedule and leave coverage. Our cost conscientiousness has not effected your protection. We hope to continue this type of management of your tax dollars.

As part of our future plans we would like to develop a senior citizen hot line and an emergency hot line, 911. Our goal is to continue our active patrol throughout the community, and have added money in the Special Officers salaries to assist with better coverage during high activity periods during the summer months.

As Chief, I will continue with the "open door" concept so your Police Department will continue to service the entire community.

We extend our thanks and gratitude to all town employees and citizens that have assisted us in the past year. We also owe thanks to the Fire Department for our quarters, the Highway Department for their

assistance in keeping the roads clear, which makes our job easier during storms, the Ambulance association for their assistance and support, the Dispatch personnel that assist and support us in all our efforts, the State Police and the Police of neighboring towns, the Board of Selectmen and Administrative Assistant, whose cooperation and guidance have given us a successful year. I must also give credit to the wives, husbands, and girlfriends who are behind our Police Officers and give them the support and encouragement that is necessary to maintain the stability they have demonstrated during the year.

We look forward to serving each of you in the coming year and hope to receive your continued cooperation.

Respectfully submitted

Richard E. Dolan
Chief of Police

RAYMOND FIRE DEPARTMENT

ANNUAL REPORT FOR 1982

INSPECTIONS:

Occupancy	26
Wood Stove	27
Oil Burner	5
Day Care	3

CALLS:

Brush Fires	14
Car Fires	3
Chimney Fires	22
False Alarms	16
Gas Washdowns	8
Hazardous Incidents	1
House Fires	10
Jaws of Life	9
Miscellaneous	15
Mutual Aid	8
No School	1
Service Calls	2
Smoke Investigations	6

The value of property involved in house fires this year was approximately \$272,700.00, with an estimated loss of \$11,600.00. This is down considerably from last year. I hope the residents of Raymond can keep up the good work of keeping their homes Fire Safe.

The chassis to replace the army truck tanker was purchased. A 1973 Diamond Reo was purchased from Central NH Refuse Co. of Bow, NH. It is now in service. We are still working on building compartments on it. The new hose was purchased and is on the trucks along with the three Scott Air Packs. All of our Scott Air Packs have been updated to meet present day OSHA and NIOSH standards. The garage door openers were installed and are working out well. They enable Dispatch to close the doors after we have left on a call.

Fifteen of our Firemen have completed a 96 hour Certified Firefighter I class, and all passed the final test with a class average of 88. We burned the house at Anderson's Trailer Park for training. It had had two fires, and we obtained permission from the owners to use it. A lot of good training was gotten out of that house, including ventilation, overhaul, ladders, Scott Air Mask, and fire extinguishment. Several of the Firemen have also attended training at schools at Meadowood and Lakes Region.

I am doing a lot of my inspections with the Building Inspector-Health Officer now. I think this helps both of us, as two people might see something the other missed, and it also helps me keep up with the house numbers.

I want to sincerely thank all of our dedicated Firemen who have put in more than 1400 hours putting out fires, training, and maintaining equipment. I also want to sincerely thank their understanding families who have let them do this at all hours of the day and night. Many thanks to the Ambulance Association for standing by at fires; to the Police Department for their assistance; and to the Dispatchers for their continued good work.

Respectfully submitted,

Gordon E. Gould
Fire Chief

RAYMOND DISPATCH CENTER REPORT 1983

Police Department Calls	20,011
Fire Department Calls	1,470
Ambulance Calls	628
People in Station	7,888
TOTAL CALLS LOGGED	29,997

March 1984 marks the completion of 10 years service for the Dispatch Center. In March 1974 the Center was established by a vote of the people and initiated by Chief Henry Greenwood. For the first month, while communications were being repaired and installed, Special Officers, Firemen and Ambulance personnel manned portable radios from the Fire Chief's office.

During the first week of April, we started full time service on a counter in the police room looking out on a large red fire truck. The only one having any experience with dispatching was Special Officer and Head Dispatcher, Burgess (Punky) Robinson who worked nights on the third shift. We all learned by trial and error and in a short while had things running efficiently. We started

dispatching for the Raymond Police, Fire and Ambulance, setting up a filing system and functioning as secretaries and as the business office for the Police Department.

In 1977 with many hours of volunteer help from several Police, Fire and Ambulance personnel, we moved to our own area right where the big red truck had been parked! This was a big step forward. We now had a sunny, easily accessible area. This past year we added heat and after several years of cold feet, we now have warmth in the Dispatch Center.

In 1982 we purchased a radio console which increased the efficiency of our center. Our scope of operation now includes the Raymond Highway Dept., the Fremont Fire Dept., the Candia Fire and Rescue, the Deerfield Fire and Rescue, and the Nottingham Fire and Rescue.

We continue to serve as the business office for the Police Department, filing complaints and incidents, typing reports and letters, as well as answering requests from

insurance companies.

I believe the Center has proved its worth as a necessary unit in the town. The public see this as a place for answers. They realize that if we don't know the answer, we will attempt to find one or refer them to the correct source.

At this time we extend our sincere appreciation to the Raymond Police Dept., the Raymond Fire Dept., the Raymond Ambulance Association, the Raymond Highway Dept., Town Office personnel and all other departments with whom we are associated — for another year of continued cooperation and assistance. Thank you also to the people of Raymond for their on-going interest and support.

Respectfully submitted

Marion E. Lovejoy,
Chief Dispatcher

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Once again, our cooperative town and state forest fire prevention and control program leads the nation in least acres burned per forest fire. Less than one-half acre per fire statewide average.

At the town level, your Forest Fire Warden is responsible for the prevention and control of all grass and woods fires when the ground is not snow covered.

Forest fire prevention is achieved at the town level by issuing a written permit for every fire that is to be kindled on the ground out of doors when the ground is not covered with snow. Each person wishing to have an outside fire must obtain this written permit from the town Fire Warden before kindling the fire. Any person that does not obtain a fire permit, when one is required, is violating our forest fire permit law and is subject to a court appearance and could be fined up to \$1,000 and receive a jail sentence of up to one year.

No fire permit will be issued between

9:00 a.m. and 5:00 p.m. unless it is raining. The reason for this is twofold: the fire danger increases steadily between 9:00 a.m. and 2:00 p.m., then subsides to a safe level between 2:00 p.m. and 5:00 p.m. This happens because the sun dries out the fine fuels that are easily ignited and dries the air which permits rapid fire spread. Also during this part of the day fire fighters are not readily available in most communities so an escaped fire could burn longer and cause greater damage before being suppressed.

Your cooperation in burning only when conditions are safe is greatly appreciated.

As Smokey says, "Remember, Only You Can Prevent Forest Fires!"

1983 STATISTICS

	State	District	City/Town
No. of Fires	779	284	9
No. of Acres	348	147	2.25

ANNUAL REPORT
RAYMOND AMBULANCE FUND ASSOCIATION
JANUARY THRU DECEMBER 1983

The records of this last year show that 528 trips were made involving 521 patients. From the founding of the Association in March of 1959 thru the end of December 1983, our Ambulance Service has made a total of 9,965 trips of service. This year the ambulance traveled a total of 15,865 miles and there were 2,373.53 hours of donated manpower time to make these many calls.

Towns visited:

Raymond	297	Epping	1
Candia	94	Barrington	1
Deerfield	60	Chester	1
Fremont	30	Northwood	1
Nottingham	31		

Hospitals visited:

Exeter Hospital	237
Elliott Hospital	140
Veterans Hospital	25
Catholic Med. Ctr.	18
Concord Hospital	6
Pease AFB Hospital	1
Wentworth Douglas	5
Frisbee Memorial	1
Portsmouth Hospital	1
Parkman Med. Ctr	
Lamprey River Clinic	5
Dr. Gustavson	2

Expenses for the year 1983 were as follows:

Gas and Oil \$2,427.57
Maintenance \$1,001.18
Supplies \$1,514.45
New Equipment \$6,689.20
Education \$937.80.

Our records show that we responded to 56 more trips than we did last year. Also our continuing education programs have increased. Each member is required to be licensed through the State which involves many hours of training and schooling in order to achieve proficiency in these required skills.

This past year a new General Electric Mobile Radio was installed in our ambulance, and we are now operating on four new portable units. The new system is performing very well and has increased our communications with all agencies, which is important

for the operation of our service. We will be looking into the purchase of a new ambulance this year. Our '82 has served us well, however because of the "hard miles" it has proven good policy to trade every three years.

We would like to express a special thanks to Richard Smith and his family for supporting him for twenty-five years of dedicated service. Rick is a charter member and has been an inspiration to all of us. Thank you to the members of the Raymond Fire Department, Police Department and Dispatch Center; and the Rescue Squads and agencies in the surrounding towns for their assistance throughout the year.

The services performed by the Raymond Ambulance Association would not be possible without dedicated members and supporting families — thank you to these people who put up with missing meals, appointments, sleep and disrupting schedules. Also the operation of the Raymond Ambulance Association would not be possible without the donations received from you - Our Supporters. Thank you all for the continued help and support which enables us to help you.

Respectfully submitted,

Richard W. Audette, *President*
Raymond Ambulance Association

The Raymond Ambulance Fund Association was formed in March 1959 from an idea of Robert E. Eccleston, a local storekeeper and humanitarian who could see a great need for this service in his daily contact with customers and others. After talking with Police, Firemen, Civil Defense Director, Selectmen, Nurses, Doctors and others, he called a meeting one night in March 1959 and Ernest Cote was elected chairman of a committee to "get the ball rolling" to raise the money to purchase a used ambulance to serve Raymond and surrounding towns.

They couldn't have chosen a better chairman, for this man was a worker from the

word go. In less than a month, they received and collected over \$2,700.00, purchased an ambulance, and presented it to the town. Ernie served on the Ambulance Association over 16 years and made 1,279 calls in that time.

In 1959 we had 23 members and have had approximately that many each year since. When we first started, we had two members go on each call; but in later years, we have had to put on three members, one driver and two attendants due to increased care of patients and seriousness of victims, many CPR calls, serious heart problems, etc.

Minimum standards for membership in the Raymond Ambulance Association is basically the same, now, as when we first started, which is the same as the State of New Hampshire. Standard and/or Advanced First Aid Card and CPR Card are now required. Most of our membership now are State and/or National Registered Emergency Medical Technicians, which involves many man hours of school each year.

Our finances are such that we are an all volunteer organization, operating on donations from individuals, towns we serve, and organizations and clubs in the area, and of course, the patients and families of, which we deliver to Manchester, Exeter, Derry, Concord, Portsmouth and Dover. No bill is ever sent for our services.

We have one regular meeting and a training meeting each month, lasting from two to three hours each. We also go to Manchester and Exeter hospitals for training and talks by the area doctors. Members from the surrounding Rescue Squads now participate in our training meetings.

When the Association first started we didn't have any women as regular members, but two nurses volunteered to help us on some calls. Times change, and now we have 8 women and 17 men who are the most dedicated group of people in the town of Raymond. We receive no salary and will drop everything on a moment's notice, whether we are on call or not, to help someone in distress or need.

Not everyone can belong to an organization such as this and we realize that it takes a special sort of individual to deal with this sort of thing. We have a turnover or changing of about five people each year.

We are still a private non-profit organi-

zation, not a part of the Police Department, Fire Department or Dispatch; but without them we couldn't function nearly as well as we do. Some of the men belong to either the Dispatch, Fire Department or Police Department, a few belong to two, as well as the Ambulance, so we get along well with the other departments.

Quite a few years ago, the town, at a town meeting, voted a permanent place for the ambulance in the Fire Station, as well as a room for our supplies, for which we are eternally grateful.

Our ambulance is fully equipped and meets all State requirements, of which there is a two page list. We also have a list of beds, wheelchairs, stretchers, crutches, walkers, canes, bed pans and other devices that people have given us over the years; and we lend these things out to people who need them. Just call any member of the Ambulance Association.

One year or so ago, one of our members, while attending a small child enroute to the hospital, noticed the need for something above and beyond the comfort to all patients. A suggestion for small "safe" toys and stuffed animals was discussed and thought to be an excellent idea. Request for these items was made to the public and the need for these toys was quickly filled. We would like to thank all of those "friends" of ours who contributed and continue to supply us with these small items that can make such a big difference to the little people we serve. The sick and/or injured children.

The first ambulance we purchased was a 1952 Cadillac and we liked its performance so well, for an old one, that we always purchased Cadillacs after that, until 1979. We were forced by Federal and State rules to purchase a Modular type ambulance. After much discussion, we purchased a 1978 Ford. We now have a 1982 Ford and hope to purchase a 1985 next March.

In our first year, 1959, we took 114 trips and in 1983, we took 528 trips, so you can see how the need has increased. We will be over 10,000 calls by March, 1984.

We used to take both emergency calls and some transfers, but a few years ago, due to an increase in calls, we had to discontinue transfers. We now cover the towns of Raymond, Candia, Fremont, Nottingham and

Deerfield.

Over the years Epping started a rescue squad and they now have their own ambulance, so that helps us a lot. We just act as a back-up ambulance for them now. And, they do the same for us. Candia, Deerfield and Nottingham have their own rescue squads which has relieved the burden tremendously in those three towns.

No organization such as this could even get started, say nothing of running for 25 years without the help and cooperation of our wives/husbands, neighbors, friends and relatives, because without them, we couldn't operate for even one day. We are a close-knit family that doesn't take lightly disparaging remarks about an ambulance member. We are very proud of the Raymond Ambulance Fund Association and of each one of its members, family and supporters.

Every year we have a banquet for ourselves to pat ourselves on the back a little and have a good fellowship. We hand out 5-10-15-20-25 year awards, yearly recognition pins, awards for members which take over 100 trips per year, we hear a good poem from our chaplain, and get raked over the coals from our supper committee. This March, following our banquet we are holding a benefit dance to help celebrate our 25th Anniversary.

For over a decade now, the Ambulance Association has put on a Ham and Bean Supper in the latter part of October to raise money for our ever-spiraling operating costs.

Many times at our supper, we have had honored guests and always our local townspeople who have been so generous to us. Other fund raising events include McDonalds Fun Days held along with the Epping Ambulance every year and bi-annually we have a three ring circus which raised some money for our association, as well as provided great entertainment for the residents and campers of our great area.

As you can see it involves many more things to run an Ambulance Association such as ours in order to provide top-notch emergency care and ambulance service on a donation-only basis. As stated previously, we never bill anyone for our services.

Our officers of the Association are elected yearly at our monthly meeting in April. They are a dedicated, hard-working group of people who are ever conscious of ways to improve ourselves, and our members to better serve anyone in need of medical help or friendship.

The present officers of the Raymond Ambulance Association are:

Richard Audette, *President*
Richard Lahr, *1st Vice President*
Susan Davis, *2nd Vice President*
Raymond Berry, *Secretary*
Vance Ryan, *Treasurer*
Chandler Newton, *Chaplain*
Richard Smith, *Historian*

Richard W. Audette, *President*

REPORT OF HIGHWAY AGENT

State Aid Grant:

Two more sections of Langford Road were under reconstruction and were finished this past year (2600 lin. ft.) keeping our uniform width of the new pavement at twenty-two feet. Another section is planned for reconstruction this coming year.

Another project which was done this past year was the replacement of a large culvert at the inlet to Governor's Lake. Many truck loads of mud and muck was dug out and hauled from the roadbed and was replaced with rock and gravel for a firmer roadbed making the road at that point wider and increased higher elevation to eliminate the flooding of the roadway in that area.

A section of North Main Street was reconstructed and paved. A continuing plan of improving Main Street and Epping Street should continue. The profile and condition of that old pavement warrants attention in most sections.

Prescott Road:

A new bridge over new Route 101 will eliminate traffic from entering onto the the Route 101 as they now do from Prescott Road.

I feel that the State's policies are in error in the respect that they can have a public hearing on a project such as this bridge in particular in the early 1960's and not activate the project until some 20 odd years later.

During the past few years in particular many houses have been built on this road, land being subdivided for house lots. Subdivisions of land that has already been established, the establishment of Pine Acres Campgrounds. All of which in effect generates a great amount of traffic and most of which have found it very convenient to get on and off Route 101 at the vicinity of the new bridge. The new bridge when finished will eliminate this conversion. The construction of the bridge with the approaching roadway of two eleven-foot lanes will be constructed only for a short distance only to be bottlenecked back into the Old Prescott Road with a surface of something less sixteen feet wide. I believe that as long as the State is going to build the approaching roadway at the bridge at twenty-two feet it

would have been beneficial to all using the Prescott Road if the State had reconstructed another fourteen hundred feet to bring their construction at a uniform width out to the Old Route 101. This fourteen hundred feet at the present time is unsuitable to accommodate the amount of traffic using Prescott Road and could cost the town some One Hundred Thousand Dollars for buying enough right-of-way, drilling and blasting of much ledge, ledge removal itself and building the road. I think the State overlooked a lot in their study and consequently leaving the town to come up short to say the least.

Equipment:

At the present time we are in need of replacing the 1972 Model McCoy Taylor Sander Unit. Our present equipment is in good condition. Our need for the future is another truck and plow and wing set-up. Maintenance and plow routes have been extended again this year adding Frontage Road, a section off Bye Road, another off Sun Hill Road, Hill Side Drive off of Lane Road.

New extensions will take place again next year. All this causes our present equipment to take that much more time to complete the cycle of the routes.

I would like to take this opportunity to thank the many citizens of Raymond for their cooperation and support they have given me.

I extend my thanks to the Fire and Police Departments as well as other Departments and the Personnel at the Town Office Building as well as the Board of Selectmen who have made working conditions much more enjoyable this year.

Also thanks to the men on the Highway Department for their response when called upon. Their cooperation is greatly appreciated.

Respectfully submitted:

Lyman R. Hammond, Jr.
Highway Agent

REPORT OF THE SOUTHERN NEW HAMPSHIRE PLANNING COMMISSION

A wide range of services, resources and technical assistance is made available to your municipal officials through the Town's membership in the Southern New Hampshire Planning Commission. A professional staff having diverse planning and engineering skills, backgrounds and experiences works under the direction of your representatives developing and carrying out a cost-effective planning program to help meet the development needs of your community.

Staff services provided under the Commission's local assistance program are largely decided by the planning board and/or board of selectmen according to what they determine are their Town's planning and community development priorities. Manpower allocations are made on the basis of the community's membership fees.

Local assistance services provided during the year included:

- Provided the Selectmen's office with requested information concerning the Building Officials and Code Administrators International, Inc. (the BOCA Building Code);
- Provided the Administrative Assistant with documentation to support proposed zoning amendments considered by the 1983 Town meeting;
- Provided the Board of Selectmen with information concerning the availability of and application requirements for U. S. Department of Housing and Urban Development, Small Cities Community Development Block Grant and Feasibility Studies Grant funding;
- Provided the Town's Recreation Director with 1980 Census data to support a proposed Community Development Block Grant application;
- Provided the Town's consulting engineer with 1980 Census information needed in connection with the development of the solid waste management study;
- Provided the Administrative Assistant with 1982 municipal population estimates to help apportion the costs of central dispatch services;
- At the request of the Board of Selectmen, provided technical assistance with the preparation of a Small Cities Program Feasibility Grant Application to finance groundwater surveillance studies in the vicinity of the sanitary landfill;
- Provided the Planning Board with samples of nonresidential site plan review regulations and earth excavation regulations;
- Provided Supervisory School Union #15 with 1980 Census information;
- Provided members of the Planning Board, Zoning Board of Adjustment, Board of Selectmen and the Building Inspector with the schedule of the Fall, 1983 Municipal Law Lecture Series;
- Acting in the Town's interest, testified at Legislative hearings relative to the recodification of the State's planning and zoning statutes, and was successful in securing necessary amendments prior to the legislation's passage. As a follow-up, submitted written comments, questions and suggestions to the N. H. House Committee on Municipal and County Government in an effort to further improve this important legislation during the next session;
- Provided the Planning Board and the Board of Selectmen with a suggested schedule for public notices and hearings pertaining to zoning and/or building code amendments, if any, to be considered by the March, 1984 annual Town Meeting;
- Counseled the Board of Selectmen regarding the preparation of a response to the Federal Highway Administration's proposal to include N. H. Route 101 in a national network of highways on which tandem trucks (up to a gross weight of 80,000 lbs.) would be allowed unrestricted daily use.

Regional Planning programs and special studies, which can vary from year-to-year, are carried out on a contractual basis depending upon the availability of other funds which

are allocated for specific projects or designated geographical areas. The sources of these funds may include other municipal appropriations, the Federal Highway Administration, the Urban Mass Transportation Administration, the Department of the Interior, the Federal Emergency Management Agency, etc.

Raymond's representatives on the Commission are:

Board of Commissioners: Mrs. Harriet Cady
Mr. Stephen Sloan

Executive Committee: Mrs. Harriet Cady

REPORT OF THE BUILDING INSPECTOR Year Ending December 31, 1983

During 1983, 242 building permits were issued, with an owner-estimated construction value total of \$4,311,248.00. Total permit fees collected were \$3,115.00. Permits break down as follows:

New 1-family residences	71
New multi-family residences	2
Residential Additions	62
Garages/Carports	23
Sheds/Barns	32
New mobile homes	6
Replaced/Relocated mobile homes	6
Pools	3
Commercial Construction	15
Miscellaneous	22
	<hr/>
	242

BUILDING INSPECTORS
V. Raoul Rioux (1/1-6/30/83)
Richard Mailhot (7/1-12/31/83)

I would like to take this opportunity to say that, in the past ten years, it has been my great pleasure to have served the Town of Raymond as Building Inspector, and I wish to thank all of those who have helped to make my job easier, including town officials and personnel and, especially, the townspeople who gave their understanding and their co-operation in observing the town ordinances.

To all, Sincere Thanks.

V. Raoul Rioux

REPORT OF THE DUDLEY-TUCKER LIBRARY

The Dudley-Tucker Library celebrated the 75th year of the library building in October. An Open House was held on Sunday, October 9, 1983 from 2 to 4 P.M. at the library. Cake and punch were served. I wish to take this opportunity to thank the library Trustees, Iber Gove, Ruth Hoffman, and Margaret Case for their loyal support during the year.

Story Time for preschoolers is held every Friday at 1:00 and 1:30 P.M. Films are shown on Early-Release Wednesdays at 1:00 P.M. The Village Kindergarten, Windy Hill Kindergarten, Ms. Loeffler's class, Ms. Stewart's class, and Ms. Spangenberg's class visited the library in 1983. In June of 1983, the library received a certificate "For Outstanding Volunteer Service to Project Head Start." The children come at least once a month to see films. For adults we offered evening movies as well as Christmas films. George Malette, a Certified Energy Auditor, co-sponsored a solar greenhouse slide program and an open house at his place in Green Hills.

This year's Summer Reading Program called "Read Around Raymond Town" was a great success thanks to volunteers Joan Moales and Cathy Sojourner. Books were read and recorded on a Raymond map by the 25 participants. Between 15 and 20 of these children also visited local establishments such as town offices, banks, and stores. A wrap-up party was held on August 26, 1983.

The Adult Tutorial Program uses the upstairs room for tutoring several times each month. On Thursday evenings from 7-8:30 the Raymond Writers' Group meets, a group co-sponsored by the Recreation Department.

Statistics of 1983

Circulation:	
Adult	12,088
Juvenile	8,213
Total	20,301
New Registered Patrons	323
Average Monthly Attendance	
(Number includes all activities as well as general library use)	713
New Materials Added To The Collection	
(By purchase and by donation.)	610

Following is a list of people I wish to thank for their contribution to the library of time, money, books, etc. Any errors or omissions should be brought to the attention of the librarian.

Ruth Hoffman	Helen LeMarre
Iber Gove	Lisa Edwards
Margaret Case	Francesca Morrissey
Ted Dean	Helen Kroesser
Carol Demers	Memorial gift for
Glen Brown	her mother
George Malette	Helen M. Reed
Hazel Littlefield	Virginia Hayward
Joan Moales	Betty O'Donnell
Sherry Brox	Bobbie Mabry
Carol Maier	Jane Clark
Deborah Glazier	Sarah Lee
Randall	Jessie Cheadle
Shirley Glazier	Linda Zimnowski
Elaine and Carl	Evalyn Doyle
Schmottlach	Harriet Cady
Sally Davis	John and Bonnie
	Fossett

We'd also like to thank Russell Ege for the drawing of the library which appears on the cover of this year's town report.

Respectfully submitted,
Janet D. Brown, *Librarian*

RECREATION COMMISSION ANNUAL REPORT

In 1977, when the Recreation Department was first formed, any time Raymond Recreation was referred to what immediately came to mind for most people was the six week Summer Program offered to the youth of Raymond. Today Raymond Recreation means different things to a variety of people. For many, it's their involvement in soccer, aerobics, basketball, or one of the many other "physical" type programs offered. Others still utilize the Summer Playground and Red Cross swimming lessons. In providing services to these people, the Department reaches only a portion of the total population.

This year the Parks and Recreation Department tried to reach other segments of the population, offering more educational and generalized leisure time programming. Some programs were successful; others lacked sufficient registration and never got off the ground. Greater interest may see some of them scheduled in the future. The following is a complete listing of programs offered in 1983:

Programs Offered Successfully

Aerobics
Women's Fitness
Men's Basketball
Young Adults' Basketball
Children's Basketball
Tennis Lessons
Co-ed Volleyball
Women's Volleyball
Jr. High Indoor Soccer
Men's Indoor Soccer
Youth Indoor Soccer
Outing Club
Beginners Computer Literacy
Advanced Computer Literacy
Black & White Photography
CPR Classes
Advanced First Aid Classes
Gymnastics
Raymond Writers' Group
Ice Skating
Boating Safety
Sailing and Seamanship
Basic Crocheting
Babysitting
Raymond Road Race

Summer Swimming Lessons
Summer Playground

Programs Offered Unsuccessfully

Children's Arts & Crafts
Saturday Morning Funnies
Men's Volleyball
Tennis Socials
Whale Watch
Car Seat Loan Program
Boston Bruins Trip
Sailing Lessons
Calligraphy
Woodworking
Red Sox Trip
Grease & Glamour Clinic
Disney's Magic Kingdom On Ice Trip

Raymond Aerobics, now offered five nights a week, continues to be one of the Department's most popular adult programs with as many as 70 registrants. Classes are run entirely by volunteers. The aerobic leaders, trained by the Manchester "Y," are very involved in total fitness. They are extremely competent and dedicated and are to be commended for their countless hours of volunteer service.

The Outing Club was very successful last year with high school students rock climbing; cross country skiing; snowshoeing; hiking; winter camping; movie trips; Quincy Market; the Boston Pops; a whale watch; and dinner in a gourmet restaurant.

During the winter of 1983, the Recreation Department applied, on behalf of the school district, for a grant to match monies raised by High school students to install lighting on the soccer field, tennis courts, and combination basketball court/skating rink. The lights (52) were installed in late May on the soccer field and later in September 10 more were put up on the tennis courts and basketball courts.

The Summer Playground met with resounding success with 223 children registered for the seven-week program. As usual, the trips were among the most popular activities. This summer the children went to Pawtucket-away State Park weekly. They also went to Cannon Mountain on the Aerial Tramway; the Flume; Benson's Animal Farm; Canobie Lake; roller skating; Ft. McCleary; a Red Sox game; the Viking Sun; and Odiorne State Park.

Summer Playground 1983

Total registration for
for the Summer Playground: 223

Total out-of-town registrations:
or 4% of the total registrations 9

Children grouped by major age groups:

5-6-7	26.9%	60 children
8-9-10	45.3%	101 children
11-12-13	27.8%	62 children

Anne Edwards, who has worked at Onway Lake as a volunteer, aide, lifeguard, and water safety instructor over the past seven years, gave swimming lessons to 105 children this year. Because of unforeseen difficulties, the new toilet facilities budgeted for in 1983 were not begun until the Fall of 1983. The facility is now complete with the exception of painting and finishing touches. The new building was constructed at an approximate savings of \$1,500 over the budgeted amount.

Parks and Recreation employees maintain the following areas and facilities: Lyman Park; Welch Field; two Little League fields; Onway Beach; two beaches at Governors Lake; the picnic area at Langford Road; the

Library lawn; two tennis courts; the outdoor basketball court/skating rink; the soccer field and track; the baseball field; softball field; and adjacent practice field.

A great deal of Parks and Recreation workers' time is spent mowing and lining for each of the over 150 baseball and soccer games each year. During 1983 the Department changed slightly its way of maintaining the facilities using several part-time employees rather than full time. This change made workers available during periods when they are most needed.

The Raymond Parks and Recreation Commission realizes that a healthy recreation program promotes strong community spirit. Therefore the Commission encourages any interested citizen with suggestions for improvements or a skill they would like to offer to contact the Recreation Department. New ideas are always welcome.

RECREATION COMMISSION MEMBERS;

Chris Mataragas, *Chairman*

Hughin Holt

Francesca Morrissey

Ivan Reed

Frederick Welch

REPORT OF THE RAYMOND PLANNING BOARD

The Planning Board is a group of six volunteer members appointed by the Selectmen, who serve for terms of six years. One member of the Board of Selectmen serves as ex-officio member. The Board has regularly scheduled meetings on the first Thursday of each month.

During 1983, the Board was extremely busy and a great deal of time and effort was required of the members. The Board reviewed subdivision plans submitted, as well as town regulations and the Zoning Ordinance. Study was also given to the capital improvements plan and to the Board's procedural rules.

Under subdivisions, one particular application required a major amount of time for the Board. Over ninety man-hours of time for research and \$2,000.00 in legal fees for expert opinion were expended before the Board was able to render a decision. The Board felt that such exhaustive work was necessary due to the potential impact that the proposal could have on the town. A joint hearing with the Budget Committee was held in order to gain input from the Committee, and in the end, an agreement was reached which will protect the town from excessive costs relating to the proper development of the subdivision.

At the 1983 Town Meeting, voters authorized the Board to adopt Site Plan Review Regulations. Several months were spent in review of regulations adopted by other towns, the recommendations of the Master Plan for Raymond, and State model regulations. Following nine months of review, the Board adopted Site Plan Review Regulations in January, 1984.

Having received an expression of concern from the Board of Selectmen regarding gravel excavation, the Board examined the requirements of the N. H. Revised Statutes Annotated 155-E, which names the Planning

Board as the responsible agency for adoption of excavation regulations. The Board then spent several sessions developing a proposed set of regulations. Following public hearings on the proposed regulations the Board decided that, due to public input received, the question should be put before the voters at the 1984 Town Meeting. The regulations require that owners of gravel pits perform restoration of the land to useable condition after removal of the gravel.

The Board also completed a great deal of work on the Raymond Zoning Ordinance. Much time and effort went into a study of current Ordinances in an attempt to see how they might be improved. Finally, the Board decided not to propose any new features for the Ordinance. Rather, seven amendments have been proposed which will strengthen and clarify the articles now in effect.

I would like to thank each of the members of the Board for their tireless devotion to the work of the Board. Four, five, or more meetings a month have been common practice, yet the membership has worked without complaint. I would also like to thank Sandra Bilodeau of the Selectmen's Office, who has done a good job handling the secretarial duties for the Board. And finally, I would like to thank Sally Paradis, who has given a great deal of time in addition to her duties as Selectman.

In closing, I would urge Raymond's residents to use your Planning Board. We are always happy to work with anyone to try to get a problem resolved. If you have any questions about how things work, come to the Board and we will do our best to get an answer for you.

Respectfully submitted,
Stephen Sloan
Chairman
Raymond Planning Board

BUDGET COMMITTEE REPORT

The Raymond Municipal Budget Committee (Budcom) is now in its sixth year of overseeing budget requests introduced each year by the Selectmen, the School Board and private citizens.

The Budcom, in its role as watchdog of the budgetary process, has developed a close working relationship with the Selectmen and the School Board which has resulted in budgets that have been as low as possible consistent with the minimum needs of the town. It is indeed testimony to the diligence with which economy in the operation of the town has been pursued when we see very reasonable tax rate increases over the last several years despite the very rapid growth of the town. But this continuing growth portends an escalating tax burden in the future. The need of additional school facilities is just around the corner. Many of our roads

are in need of reconstruction and we have yet to even begin to implement the provisions of the Master Plan developed several years ago.

A solution to the waste disposal problem seems to be at hand but with problems remaining at the landfill site. There are, however, some bright spots. A new industry is in the process of locating at the former Nike Shoe factory and another manufacturing concern is actively seeking to locate in Raymond.

If all of us, in a spirit of cooperation and good will work together to further the best interests of our town we can collectively do much to develop a better community in which to live.

Howard Mabry,
Chairman

HAZARDOUS WASTE COMMITTEE'S REPORT

As many will remember at the March 1983 town meeting there was a statement made that hazardous waste had been dumped in the Raymond Landfill and that one of the persons sitting on the podium knew about it.

At that point Harriet Cady asked the moderator if a committee to investigate could be formed at that town meeting by a motion from the floor and such was so voted.

After months of checking and rechecking this is the committee's report to the people of Raymond.

First it should be stated that the committee had a core of approximately five members who showed up at the meetings and that at the first meeting Harriet Cady was elected the chairman. It was decided that we would need to check with Water Supply and Pollution Control for any data they might have, as well as with the Attorney General's office to see what their investigation showed. Although there seemed to be a definite show of pollution to wells in the area at no time did anyone come forward to give us proof that there had been a source that we should trace the pollution to. Except that as we all talked it was determined that many years ago the Raymond Tannery had dumped waste hides and their

wastes at the landfill site. It was also discussed that most people had dumped hazardous wastes unknowingly each and every week with their household garbage. Many of the products used in the home for cleaning have hazardous wastes in them. Therefore all this led us to believe that yes there are some hazardous wastes in Raymond's landfill but no particular blame for the wastes being there could be found.

Somehow we must all realize the necessity for having knowledge about what can happen in the future when a decision is made to have burning dumps, landfills or incinerators. Although no blame for an individual can be placed each and every person carries a certain blame for not taking an interest in preserving our environment for the future generations' use.

It is sad for me to report that with no funds this committee had to depend on several sources for information and that this committee did try to check out allegations but found no proof for them.

Sincerely,
Harriet Cady
Chairman
Raymond Hazardous Waste Committee

THE STATE OF NEW HAMPSHIRE

THE POLLS WILL BE OPEN FROM TEN A.M. TO SEVEN P.M.

To the inhabitants of the Town of Raymond in the County of Rockingham in said State, qualified to vote in Town Affairs

You are hereby notified to meet at the Raymond High School Gymnasium in said Raymond on Tuesday, the thirteenth day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To see if the town will vote to enact the amendments to the Zoning Ordinance as proposed by the Raymond Planning Board.
3. Whereas there is a strong need for elderly housing in the Town of Raymond; and whereas the need for elderly housing is growing and will continue to grow for many years; and whereas inflation has ravaged the resources of elderly citizens; and whereas the costs of housing for the elderly has skyrocketed; and whereas the services that the Town provides for elderly citizens such as police and fire protection, waste facilities, and highway maintenance are small in comparison to the rest of the population of the Town, which requires schools that consume more than 80% of the real estate taxes paid in Raymond; and whereas elderly citizens have fought and worked for many decades to make our Town and Nation great; and whereas R.S.A. 354-A, the New Hampshire "Law Against Discrimination" specifically permits plans for a retirement or similar community or establishment limited to persons over a certain age, not less than forty-five years; now therefore be it resolved to see if the town will vote to amend the Zoning Ordinance of the Town of Raymond by adopting the following:

A. Amend Article II, Zone, the first paragraph, to read as follows: "For the purpose of this Ordinance, The Town of Raymond is divided into seven (7) zones as shown on the Zoning Map dated January 1, 1974, as amended, which is

part of this Ordinance. Within these zones there is also established as an overlay, a Floodplain District. The underlying uses permitted in the respective zones are allowed provided they meet the additional requirements of the Floodplain District."

- B. Amend Article II, Zones, by Adding a Zone H as follows:

Zone H — ADULT MOBILE HOME PARK shall include the parcel of land on Prescott Road of approximately 19 acres shown on Raymond Tax Map number 6 and lot number 66.

- C. Amend Article II, Allowed Uses, by adding a reference to Zone H as follows:

Zone H — ADULT MOBILE HOME PARK shall include all uses allowed in Zone A (Residential), and Zone B (Residential/Agricultural) and shall include the use as an adult mobile home park in which only persons 45 years of age or older may occupy or utilize mobile homes.

- D. Amend Article III, Lot Size and Set-Back Distances, by adding a new paragraph #5, as follows:

"All lots in Zone H shall meet all the size, setback distance, and road frontage requirements of Zone A.

(Inserted on petition of twenty-five or more registered voters.)

THE PLANNING BOARD RECOMMENDS A "YES" VOTE ON THIS ARTICLE.

4. To see if the town will vote to amend the Zoning Ordinance by adopting the following:

Article 2, Zones: Allowed Uses, Zone A — Residential:

Delete the phrase, "customarily home-operated businesses within the home by not more than three (3) hired employees," and replace it with the following: "customarily home-operated business, which shall include at-home automobile repair, by not more than four (4) hired employees."

(Inserted by petition of twenty-five or more registered voters.)

THE PLANNING BOARD RECOMMENDS A "NO" VOTE ON THIS ARTICLE.

Given under our hands and seal this twentieth day of February, in the year of our Lord, nineteen hundred and eighty-four.

Selectmen of Raymond

THE STATE OF NEW HAMPSHIRE

THE POLLS WILL OPEN AT TEN A.M.

To the Inhabitants of the Town of Raymond in the County of Rockingham in said State qualified to vote in Town Affairs:

You are hereby notified to meet at the Raymond High School Gymnasium in said Raymond on Saturday, the seventeenth day of March, 1984, at ten of the clock in the forenoon, to act upon the following subjects:

1. To raise such sums of money as may be necessary to defray town charges for the year ensuing and make appropriations of same.
2. To see if the town will vote to authorize the Selectmen to make applications for and to receive and spend in the name of the town such advances, grants-in aid, or other funds for town purposes as may now or hereafter be forthcoming from Federal, State, local, or private agencies as would be of benefit to the town.
3. To see if the town will vote to authorize the Selectmen to borrow money in anticipation of taxes.
4. To see if the town will vote to authorize the Selectmen to transfer tax liens and convey property acquired by the town by tax collector's deed by public auction (or advertised sealed bid) or in such other manner as determined by the Selectmen as justice may require.

5. On petition of ten or more legally registered voters, to see if the town will vote to eliminate the position of Administrative Assistant and further, that all monies budgeted for the position also be eliminated from the budget.

NOT RECOMMENDED BY THE
BUDGET COMMITTEE.

6. By petition of ten or more legally registered voters, that the position of Police Chief shall become an elected position as of the March town meeting, 1985.
7. By petition of ten or more legally registered voters in the town of Raymond, petition that the Raymond Planning Board be elected as provided for in N. H. Revised Statutes Annotated Chapter 36:4, section II-b, and that they be elected at the 1985 town meeting for a six-member board.
8. To see if the town will vote to authorize the Planning Board to adopt the provisions of N. H. Revised Statutes Annotated Chapter 155-E, Local Regulation Excavations.
9. To see if the town will vote to appropriate the sum of Thirty-nine Thousand, One Hundred Dollars (\$39,100.00) for the financing of a reappraisal of all taxable properties in the town, and to authorize the withdrawal of this sum for this purpose from the Federal Revenue Sharing Fund, and to name the Selectmen as agents for the fund.

RECOMMENDED BY THE BUDGET
COMMITTEE.

10. To see if the town will vote to appropriate the sum of Twenty-five Thousand Dollars (\$25,000.00) for the purpose of financing a Sanitary Landfill Close-out Plan at the Raymond Landfill Site, and to authorize the withdrawal of this sum for this purpose from the Federal Revenue Sharing Fund.

RECOMMENDED BY THE BUDGET
COMMITTEE.

11. To see if the town will vote to appropriate the sum of Eight Thousand, Five

Hundred Dollars (\$8,500.00) for the purchase of a sander, and to authorize the withdrawal of this sum for this purpose from the Federal Revenue Sharing Fund.

RECOMMENDED BY THE BUDGET COMMITTEE.

12. To see if the Town will vote to appropriate the sum of Fifty Thousand Dollars (\$50,000.00) and to authorize the withdrawal of this sum from the Federal Revenue Sharing Fund for use as a set-off against the appropriation for Solid Waste disposal.

NOT RECOMMENDED BY THE BUDGET COMMITTEE.

13. To see if the town will vote to raise and appropriate the sum of Twenty-five Thousand Dollars (\$25,000.00) as the town's share for replacing the Blueberry Hill Road Bridge. This appropriation is contingent upon receipts of One Hundred Seventy-five Thousand Dollars (\$175,000.00) in Federal Aid, Thirty-seven Thousand, Five Hundred Dollars (\$37,500.00) in State Aid, and Twelve Thousand, Five Hundred Dollars (\$12,500.00) from Blueberry Hill Associates.

RECOMMENDED BY THE BUDGET COMMITTEE.

14. To see if the town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000.00) to overhaul and repair Engine 2, as necessary.

RECOMMENDED BY THE BUDGET COMMITTEE.

15. To see if the town will vote to raise and appropriate the sum of Six Thousand, Nine Hundred Dollars (\$6,900.00) for the support of the Exeter Area Visiting Nurse Association, Inc. (Inserted on petition of ten or more registered voters.)

RECOMMENDED BY THE BUDGET COMMITTEE.

16. To see if the town will vote to raise and appropriate the sum of One Thousand, Eight Hundred Dollars (\$1,800.00) for the Newmarket Regional Health Center services and programs, including both the Medical Program and the Senior Citizen

Transportation Program. (Inserted on petition of ten or more registered voters.)

RECOMMENDED BY THE BUDGET COMMITTEE.

17. To see if the town will vote to raise and appropriate the sum of One Thousand, Five Hundred Dollars (\$1,500.00) to defray a portion of the cost of service rendered by the Area Homemaker Home Health Aide Service, Incorporated. (Inserted on petition of ten or more registered voters.)

RECOMMENDED BY THE BUDGET COMMITTEE.

18. To see if the town will vote to raise and appropriate the sum of Two Thousand, Five Hundred Dollars (\$2,500.00) to assist the Seacoast Regional Mental Health, Inc., a private, non-profit organization. (Inserted on petition of ten or more registered voters.)

RECOMMENDED BY THE BUDGET COMMITTEE.

19. To see if the town will vote to raise and appropriate the sum of Six Thousand, Three Hundred Fifty-five Dollars (\$6,355.00) for the support of the Rockingham County Community Action Program, Incorporated. (Inserted on petition of ten or more registered voters.)

RECOMMENDED BY THE BUDGET COMMITTEE.

20. To see if the town will vote to raise and appropriate the sum of Five Hundred Dollars (\$500.00) for the Seacoast Task Force on Family Violence, a private, non-profit organization which operates A SAFE PLACE, a shelter for battered wives and their children. (Inserted on petition of ten or more registered voters.)

RECOMMENDED BY THE BUDGET COMMITTEE.

21. To see if the town will vote to raise and appropriate the sum of Two Thousand, Eight Hundred Thirty-six Dollars (\$2,836.00) to assist the Rockingham Child and Family Services. (Inserted on petition of ten or more registered voters.)

RECOMMENDED BY THE BUDGET COMMITTEE.

22. To see if the town will authorize and direct the Selectmen to review considerations, through the Tri-county Solid Waste Management District, which may involve participating in the Vicon Recovery Systems/Citizens Utilities Company Project or any other solid waste project, consistent with the District Plan.
23. To see if the town will vote that no person who is a candidate for office or who is representing or working for a candidate, shall distribute at a polling place any campaign material in the form of a card, handbill, picture, or circular, which is intended to influence the action of the voter:
 - a. Within the building where the election is being held, or
 - b. Within a radius of 150 feet of the building entrance door of the building where the election is being held.
24. To see if the Town will vote to accept from Jennie E. Piper, for and in consideration of the sum of One Dollar (\$1.00) all her right, title, and interest in and to certain parcels of land situated in Raymond, bounded and described as follows: Being shown as lots numbered 17, 18, and 19 of Block B on Raymond Tax Map number 30, and on a plan of land entitled, "Green Hills Subdivision, Mortgage Discount Corporation, Raymond, New Hampshire, Design by T. W. Chesley, Northwood, New Hampshire, June, 1966, Plan #1997." said plan having been recorded with the Rockingham County Registry of Deeds. Being the same premises conveyed to the aforementioned Jennie E. Piper by deeds of June, 1976, recorded at the Rockingham Registry of Deeds in Volume 2269, on pages 1005, and 1006, on November 3, 1976.
25. To see if the Town of Raymond, N. H., shall call upon the Governor and Executive Council, its State Representatives, and State Senator to promptly convene a Special Session of the Legislature for the sole purpose of preventing the imposition of huge cost increases in electric rates resulting from the Seabrook Nuclear Power Plant on the citizens, businesses, schools, and agencies in the town of

Raymond, and to direct the Selectmen to promptly notify our above listed elected officials of the Town's desires. (Inserted on petition of ten or more registered voters.)

26. For the purpose of providing or assuring access to an approved solid waste facility for its residents as required by New Hampshire R.S.A. 149-M, and pursuant to the authority of R.S.A. 31:39, to see if the town will adopt the following ordinance for collection and disposal of solid waste:
 - A. All residential solid waste and municipal institutional solid waste shall be collected, transported, and disposed of by a commercial contractor under written contract with the Town. Collection shall be at curbside, road shoulder, or from dumpster, as the case may be.
 - B. All solid waste that is not residential shall be disposed of by the generator of such waste.
 - C. The Town's landfill shall be closed retroactive to March 10, 1984, provided however, that it shall remain open for the disposal of landfill items as defined by regulations adopted by the Board of Selectmen, generated in Raymond by residents or industrial or business establishments located in the town.
 - D. The Board of Selectmen is directed to enter into contracts with commercial waste collectors as needed to carry out the intent of this ordinance. The contract dated January 30, 1984, between the Board of Selectmen and SCA Disposal Services of New England, Inc., is hereby ratified as are all other acts taken to date by the Selectmen in regard to the residential solid waste contract, collection program and landfill.
 - E. The Board of Selectmen is hereby authorized and empowered to make reasonable regulations necessary to carry out the ordinance, including but not limited to: the setting of dates and times for collection; defining the types of waste collectible; defining the con-

ainers to be used; regulating use of the landfill including distinguishing between residential and industrial or business use of the landfill and establishing reasonable fees designed to recover the expense of any secondary disposal required for landfill items, e.g., tires; providing for penalties for violation of this ordinance or any regulations promulgated hereunder; and setting such other regulations as may be necessary to implement and carry out the management and collection of solid waste in the town. Said regulations, including any penalties for their violation not exceeding those provided in R.S.A. 31:39 (\$1,000.00 penalty), shall have the same force and effect as if enacted by the Town Meeting duly warned and assembled. Any such regulations, or modifications thereto, shall be adopted after public hearing noticed as provided in R.S.A. 675:7 (Supp. 1983).

- F. This ordinance shall take effect upon passage at the annual Town Meeting on March 17, 1984.

Given under our hands and seal this twentieth day of February, in the year of our Lord nineteen hundred and eighty-three.

To the Members of
the Board of Selectmen
Town of Raymond
Raymond, New Hampshire

We have examined the combined financial statements and the combining, individual fund and account group financial statements of the Town of Raymond, New Hampshire as of and for the year ended December 31, 1983, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset Group of Accounts which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the combined financial statements and the combining, individual fund and account group financial statements referred to above present fairly the financial position of the Town of Raymond, New Hampshire at December 31, 19823 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining, individual fund and account group financial statements. The accompanying financial information listed as supplemental schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Raymond, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined, combining, individual fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

January 18, 1984

Carri Plodzik Sanderson

The Town of Raymond audit for the year ending December 31, 1983 may be viewed in its entirety at the Raymond Town Office Building, Selectmen's Office.

RAYMOND SCHOOL DISTRICT MEETING

March 5, 1983

The Raymond School District Meeting was called to order at 7:10 P.M. in the Raymond Consolidated School Gymnasium by the Moderator, Frank Case. The moderator read the School District Warrant.

The Reverend Roy Graves offered the prayer and the Pledge of Allegiance was recited by all.

The moderator stated that he would be conducting the meeting under the Simplified Rules of Order.

Method of Voting; Articles that were not voted upon by secret ballot were voted upon by raising "grey" colored voting cards with the letter "D" printed on them; unless declared otherwise by the moderator. School district voters received their cards from the ballot clerks after stating their name to the ballot clerk and being checked off on the check list.

BALLOT CLERKS:

Assunta Ege	Margaret Case
Elizabeth Robinson	Pauline Gordon
Rita Curtis	Retenah Pietrowski
Joan King	Silvia Littlefield

The moderator introduced the Budget Committee, School Board, Superintendent's Office Officials, School Clerk, and the Principals of the elementary and high schools.

Article 1:

Motion: By Kathleen Hoelzel, duly seconded by Susan Newton that the report of the Auditors for the Raymond School District be accepted and placed on file.

Voted by a show of cards.

Voted in the AFFIRMATIVE.

Article 2:

Motion: By Susan Newton, duly seconded by Hughin Holt that the school district authorize the school board to apply for, accept and expend, without further action by the school district meeting, money from the state, federal or other governmental unit or a private source which becomes available during the 1983-84 school fiscal year provided that such expenditure be made for purposes for which a school district may appropriate money and that such expenditure not require the expenditure of other school district funds. Further, that the school board hold a public

hearing prior to accepting and spending such money.

Voted by a show of cards.

Voted in the AFFIRMATIVE.

Article 3:

Motion: By Kathleen Hoelzel, duly seconded by Susan Newton that the school district accept and expend up to \$10,000.00 for the federal programs such as ECIA Block Grants, Energy Conservation Grants and other miscellaneous programs; with the amounts set forth for each program estimated so that the amounts for any one program may be overextended so long as the total amount for all the programs does not exceed \$10,000.00.

Voted by a show of cards.

Voted in the AFFIRMATIVE.

Article 4:

Motion: By Sandra Ellis, duly seconded by Susan Newton that the Raymond School District choose one Raymond voter to serve as a member of the Raymond Staff Development Committee for a two year term.

Voted by a show of cards.

Voted in the AFFIRMATIVE.

Motion: By Sandra Ellis, duly seconded by Susan Newton to nominate Pauline Gordon to serve as a member of the Raymond Staff Development Committee for two years.

The moderator then asked for any other nominations from the floor. There were no other nominations.

Motion: By Susan Newton, duly seconded by Sandra Ellis that the nominations be closed.

Voted by a show of cards.

Voted in the AFFIRMATIVE.

Pauline Gordon is the member of the Raymond Staff Development Committee for two years.

Article 5:

Motion: By Hughin Holt, duly seconded by Tim Demeritt, that the district confirm the expenditure of \$9,000.00 for fences, backstops, etc., as part of the Land and Water Conservation Fund Project at the Raymond Recreation Area (formerly called the Bureau of Outdoor Recreation Project), and to appropriate \$15,000.00 from the

Student Olympathon Fund to make additional improvements in the Raymond Recreational Area, and to authorize the Raymond School Board to apply for, receive and expend \$24,000.00 in matching federal funds for the project.

At this point the moderator, Frank Case, made a ruling that any discussion on the budget should pertain to information in the Town Report only.

Harriet Cady challenged the moderator's ruling.

The challenge was voted by a show of cards, which were counted.

The Vote was: YES: 124 NO: 123

Vote was in the AFFIRMATIVE for the moderator's ruling.

At this point a secret ballot was requested on the challenge by Mrs. Cady. It was requested by the following people:

Harriet Cady

T. Anne Marvel

James Demeritt

Roland Kimball

Flora Audette

Edward Fahey

Donna Margaritis

Voted on by a Yellow secret yes and no ballot.

The ballot boxes were open for inspection.

The polls were declared open at 7:45 P.M.

A short recess was declared by the moderator while those present voted and the ballots were counted.

The polls were declared closed at 8:13 P.M.

Total Ballots Cast: 306

YES: 148 NO: 157 Blank: 1

Voted in the NEGATIVE. The moderator's ruling was not upheld.

Mrs. Marvel stated that she wanted it noted in the school district minutes that she voted on the prevailing side.

Article 5 was then re-read and voted upon.

Voted on by a show of cards.

Voted in the AFFIRMATIVE

Article 6:

Motion: By Tim Demeritt, duly seconded by Kathleen Hoelzel to ammend Article 6 to read as follows.

AMENDMENT: That the district vote to raise and appropriate the sum of \$79,000.00 for the purchase of the Harris property adjacent to the Raymond Middle/High School and, furthermore, to direct the Raymond School Board to apply for and accept State School Building Aid in the amount of 30% of the purchase price of this property, further, that the school board be authorized to retain for the district so much of the

Harris property as they, in their discretion, deem to be in the best interests of the Raymond school district, and that they be authorized to sell and convey the remainder of the Harris property on such terms and conditions as they deem to be in the best interests of the school district.

Voted by a show of cards.

Voted in the NEGATIVE.

Motion: By Steven Sloan, duly seconded by Judith Sloan to ammend Article 6 to read as follows:

AMMENDMENT: That the district vote to raise and appropriate the sum of \$70,000.00 for the purchase of the Harris property adjacent to the Raymond Middle/High School and, furthermore, to direct the Raymond School Board to apply for and accept State School Building Aid in the amount of 30% of the purchase price of this property. If the Harrises have not accepted this offer by March 31, 1983, it will be void.

Voted by a show of cards.

Voted in the NEGATIVE.

Recorded: Kathleen Hoelzel stated that the school board abstained from voting because they felt they would not be voting in good faith.

The moderator then stated that the district would vote on the main motion of Article 6.

Voted by a show of cards.

Voted in the NEGATIVE.

Article 7:

Motion: By Tim Demeritt, duly seconded by Hughin Holt that the district raise and appropriate \$5,000.00 as a contingency fund, to meet the cost of unanticipated expenses, all in accordance with RSA 198:4-b. Further, that any surplus in this account at the close of the fiscal year be transferred to the capital reserve fund for renovation of existing buildings, etc.

Voted by a show of cards.

Voted in the AFFIRMATIVE.

Article 8:

Motion: By Tim Demeritt, duly seconded by Kathleen Hoelzel that the school district raise and appropriate the sum of \$101,749.00 to fund the cost items related to an increase in salaries and benefits for the 1983-84 school fiscal year; such sum of money representing the additional costs attributable to the increase in salaries and benefits over those obligations payable under the first year of the Collective Bargaining Agreement, this being the second year of a two year contract.

A secret ballot was requested by the following people;

Roland Kimball	Dolores Newman
James Demeritt	Bill Newman
Donna Margaritis	Joyce Bishop
Franklin Bishop	Linda Fahey
Edward Fahey	Ernest Whitehall
Claudette Kimball	

Voted on by a Green secret yes and no ballot.

The ballot boxes were open for inspection.

The polls were declared open at 9:15 P.M.

A short recess was declared by the moderator while those present voted and the ballots were counted.

The polls were declared closed at 9:35 P.M.

Raymond School District Clerk

SUPERINTENDENT'S REPORT

A sub-committee was appointed more than one and a half years ago to develop and implement a Management by Objective System for the Raymond School District. One of the key elements to the system was an instrument developed to evaluate the performance of a Superintendent of Schools. This group has met on several occasions to reach the finalization of said system.

During the 1982-83 school year as part of the Management System, five objectives were pursued: (1.) An MBO system will be initiated for the SAU #15 office during the 1982-83 school year: (2.) A curriculum evaluation process will be developed by the end of the 1982-83 school year: (3.) A long-range (5-year) plan for the delivery of special services will be developed for the Raymond School District: (4.) A Budget Preparation Handbook will be developed: (5.) The central office computer system will be upgraded.

Although the first year was advantageous to the district, the second year has brought about a more refined instrument. The administrators now have a clearer understanding of their roles and how to meet the expectations of the Raymond School District.

As an ongoing process, it is now my responsibility to formulate an assessment and evaluation instrument for the Assistant Superintendents and also the Raymond School District administrators and supervisors.

The 1982-83 academic year witnessed a continuation and expansion of the cooperative purchasing program. Utilizing the buying power of the four SAU #15 school districts, the Raymond School District realized significant savings in the purchasing of athletic and physical education equipment and supplies, as well as audio visual equipment and supplies which were purchased cooperatively for the first time in 1982-83. Moreover, refinement of procurement techniques and continued savings were also achieved in such areas as art, office and scholar supplies; bakery and dairy products; micro-computer hardware; school furniture and equipment; and gasoline and heating oil.

As in past years, cooperative handicap transportation arrangements among the four SAU #15 school districts have also helped the

Raymond School District contain costs.

The Raymond School Board's commitment to energy conservation continued in 1982-83. Seeking to increase the energy efficiency of the Raymond Junior-Senior High School gymnasium and improve its acoustics, a suspended ceiling system consisting of R-27 insulation and impact resistant and noise reducing ceiling panels was installed. As anyone who attended the 1983 School District Meeting can attest to, the sound quality of the gymnasium has improved tremendously. Moreover, there has been a dramatic drop in fuel consumption for that area.

Outdoor maintenance, a long-neglected area, received renewed attention during the spring and summer of 1983. An environmental playground at Lamprey River Elementary School, landscaping at both schools, and erosion problems at the high school were addressed. This renewed emphasis on the exterior appearances of the schools is the cornerstone of efforts aimed at increasing student and community respect for the facilities and a resulting decrease in senseless and costly vandalism.

The summer of 1983 also witnessed major renovations to the industrial arts facility at Raymond Junior-Senior High School. Three separate laboratories for the middle school program, high school woodworking and high school metals/small engine programs were redesigned within the existing facility. This construction was not only an educational necessity, but it was also a requirement for maintaining state approval for these programs.

In its recent report "A Nation At Risk," the National Commission on Excellence asks for reform of our Nations Schools. The Raymond School District echoes the commissions desire to develop students to the fullest by expecting schools to have genuinely high standards rather than minimum ones. A thorough review of all curricular offerings in grades R-12 has been initiated this year which will assist in identifying specific instructional strengths and weaknesses. Language Arts is the first major discipline targeted for this process at the Lamprey River Elementary School while the Middle and High Schools will review all areas simultaneously.

ECIA Chapter I programs for children in grades 1-6 continue to be funded which improve reading

through a focus on building self concepts, and expanding communication skills. The one-to-one tutorial instructional approach as well as the strong emphasis on parent participation in the learning process combine to make this a most effective program for those students who are selected to participate.

ECIA Chapter II Block Grant funding has been allocated to the enhancement of computer education opportunities for the children of Raymond. Financing from this grant is enabling fourth and fifth grade students to improve their writing skills. Middle and High School age students are being provided the opportunity to improve their computer programming skills in

the computer resource center as a result of Chapter II funds.

In an effort to increase the over-all effectiveness of Special Education programming, the Director of Special Services position has been created.

I wish to thank all Raymond School Board members, the citizens of the Town of Raymond, the two building principals and all staff members for their continued support throughout the past year.

Respectfully submitted,

David R. Cawley
Superintendent of Schools

REPORT OF SCHOOL BOARD CHAIRPERSON

In the past year the Raymond School Board has spent a considerable amount of time on some very pressing issues. A process for defining the curriculum is in progress this year. Early release days are being used by teachers and administrators to compile all curriculum and course offerings into one consistent format. (Grade Readiness through 12.) Phase two of this project will involve teachers and administrators from all levels of the school system making recommendations to the Assistant Superintendent for Instruction on their evaluation of the courses and programs. Phase three will involve the Curriculum Council in conjunction with the Assistant Superintendent reviewing the recommendations made by the phase two teams. A list of suggested course or program changes will be prepared and a report made to the Raymond School Board. At that time, with all information in hand, the School Board will take action on these recommendations taking into consideration the recommended State Standards that are being modified by the New Hampshire State Board of Education. This is a long involved process which when finished will be one of the most valuable tools that we have in our educational system. Curriculum is always to be considered of utmost importance. Teachers should be commended for their dedication to this process which will hopefully be in existence for the Raymond School District for many years to come. To my knowledge this is the first time a complete review and evaluation of all our curriculum has been done coordinating all grades. (Readiness through 12.) Teachers and administrators have given personal time to this comprehensive project, and I wish to thank them for their dedication to the educational system and our students in the Raymond School District.

Another priority set by the Board has been to reorganize our administrative staff positions. The Board feels there was a need for coordination in curriculum development and evaluation and special education departments. Therefore, our administrative positions are now Principal-middle and high school-Mr. Joseph T. Korowski; Assistant Principal-middle and high school-Miss Donna M. Borowick; Principal-L.R.E.S.-Mr. Roderick Crepeau; Special Services Director-(district-wide)-Mrs. Cheryl Stratchko; and

Curriculum Coordinator-(district-wide)-Mr. Barry Albert. All changes in the administrative organization have been accomplished with the previously budgeted limitations. These positions are being implemented as dictated by their fully developed job descriptions. There is no actual increase in administrative time or money, just reallocation of time and funds. We feel this will meet the needs of the Raymond School District with more efficient management. There is another advantage to these administrative changes in that when Raymond withdraws from School Administrative Unit #15 and forms its own school administrative unit, we will already have on-board people qualified to assume some of the duties that would normally be undertaken at the superintendent's level. This will mean less expense for Raymond to form its own school administrative unit.

With the increase in our student population we must plan for the needs of our schools in the future. We are experiencing a real crowded situation in both schools. In January of 1983, the Board formulated an Advisory Committee to study the ongoing needs of the Raymond School District. This committee should be complimented for their thoroughness in evaluating all the alternatives for relieving the overcrowded situation. They have spent a great deal of time going over the space needs and the educational effects of each option they investigated. Their efforts are deeply appreciated by the School Board and the community. Minutes of their meetings are available in the public library and in the school media centers. It would be to the advantage of all individuals to take the time to read what this committee has investigated and see the detail that went into their recommendations.

Each year the Board budgets for educational supplies, consumable supplies, books and equipment. With the use of our computers, we will now be able to accurately project our textbook needs for the following year. There are plans to put textbook purchases on a continuous rotating schedule. With this system of rotation, books will be periodically updated and condition and number of books will be available at all times. With our increasing enrollments the use of our computer for inventories will facilitate more efficient

management. An area frequently neglected in many school districts is maintenance of property, buildings and grounds. It is to our advantage to maintain and repair our facilities as this is the least costly way to keep our buildings and grounds in good order.

In summation, I want to thank the people of Raymond for their continued support and assistance to our school system. The students are our future citizens and the people that gain from this support. The Raymond School Board appreciates input from all members of the community. Our business meetings are held on the first and third Thursday of each month, usually at the high school media center. Our meetings are

posted in the building where the meeting is held and at the post office. Meetings are open to the public and we would welcome your presence.

To my fellow board members, Sandra Ellis, Susan Newton, Hughin Holt, and Maurice Demeritt, my heartfelt thanks for your cooperation in resolving some of our special needs in this past year. Each board member has brought expertise in different areas so that we could accomplish some of our major goals.

Kathleen Hoelzel, Chairperson
Raymond School Board

PROPERTY SERVICES COMMITTEE REPORT

The Property Service Committee has functioned as an advisory group to school administration on matters pertaining to school district buildings, grounds and equipment. Priorities are determined in budget preparation and implementation.

With budgeting in development and maintenance at inadequate levels for so many years, our facility has deteriorated. More recently, in conjunction with the Raymond Community Outdoor Recreation project, our budget, and occasional savings resulting from continuing energy improvements, has permitted real progress in several small development areas.

Most notably last Summer, under Maintenance Supervisor Ron Howe's direction, Jennifer Keith, a recent graduate of UNH's Thompson School, undertook an extensive landscaping effort focusing on the Junior-Senior High School. The result, for the first time in years, has been improvements in entrance areas, lawns and shrubs so noticeable as to elicit compliments and expressions of pride.

This Spring a project will be initiated intended to make students, staff and the general public

aware of the responsibility which we all have to see to it that others and we ourselves care for public property.

We would hope to be able to begin to improve the cottages at the Lamprey River Elementary School site to permit their utilization for more than storage.

Assistant Superintendent Don Beaudette, developed a salary schedule for custodial and other non certified staff which introduced several factors which permitted more equitable compensation.

Respectfully submitted
Hugh Holt, For The Committee

LAMPREY RIVER ELEMENTARY SCHOOL REPORT

The 1982-83 school year proved to be one of surprise and fulfillment in many areas. We began with an enrollment of 498 and 22 classes. Despite our increasing enrollment and tight housing facilities, we managed to maintain our category I rating from the State Department. This top level category is shared by less than 20 percent of the schools in New Hampshire.

Preschool registration, which was held in April, proved to uphold the recent studies done on Raymond's population growth. Forty more students were registered this year as compared to last year. Incoming 1st graders were recommended for either Readiness or Grade I: we eliminated levels previously used in first grade, so children could benefit from heterogeneous groupings. Due to the increased enrollment an additional first grade classroom became a necessity.

One of the many facets of maintaining a school of high standards is, of course, the curriculum. One outstanding feature of Lamprey River Elementary School is that it not only has a fine curriculum, but it is followed on a consistent basis by all staff members. This year the staff and I reviewed the areas of Math, Science and Social Studies. These areas were revamped to emphasize areas needing improvement and updating to coincide with ongoing and current needs of students. In addition to the three aforementioned areas, we created a skills continuum and curriculum for Writing and Grammar. Rod Creapeu, Assistant Principal, designed a program of studies for Computer Literacy and the Enrichment Program. All students in the school were exposed to the use of computers and programs designed for their grade level. By involving all staff members in each of the curriculum revision areas, we were able to develop quality programs with many personal touches.

The testing program, including standardized tests for grades 2, 3, and 5, and the accountability tests for grade 4, is our way of assessing how children of the Raymond School District compare to other districts as well as locally. We were exceptionally pleased with the gains made by the children. The success of any program is a

reflection of three components: students, parents, and teachers. We are very fortunate to have these three units work as one, allowing for academic and social success.

Another emphasis we stressed this year was contributing to the cultural awareness and involvement of our children. Twelve assemblies including music, art, dramatics, history, safety and much more were presented at the elementary school this year. Several of our students chose to enter their displays and talents at the National School Boards Educational Festival. During the year many classrooms presented plays and brief acts at our weekly Awards Assemblies. One of our annual events, the Young Authors' Contest, certainly deserves recognition. Over 50 percent of the children involved in our new writing program submitted entries into this contest.

In addition to our in-school programs, extra-curricula activities including basketball, softball, band and chorus were offered to the children.

The Lamprey River Elementary School P-TO was held together by a few hard working individuals. Through their efforts, children and parents enjoyed rollerskating trips, instructional programs, educational movies, and soon, a new playground. It is difficult for a small core group to effectively run an organization which encompasses many areas. I feel those few people who ran the P-TO did a terrific job. I'd like to see more parents involved next year, so we can receive additional input and guidance as to the needs of our children and community.

One of the many components used in school systems to address specific needs of children is that of the Special Needs Programs.

The elementary school covers ages 3-5 in our Preschool Program and facility, and grades 1-5 at the Lamprey River Elementary School. Students needing assistance with speech, language arts, math, reading, occupational therapy, guidance, learning disabilities, and special education participate in programs created to meet their individual profiles. We are proud of these exemplary programs and the number of children we effectively serve.

In reviewing the programs and test results over

the past several years, it has become apparent that scores have continued to reach new heights, and programs created have been upgraded and refined.

If this success is to continue, it is imperative that the community of Raymond support its schools and programs. As Raymond continues to grow, we must not lose sight of our educational needs,

nor should we compromise our present academic standards. Raymond's children are its future, and our schools are the key to their success.

Respectfully submitted,

Lucille B. DiCicco
Principal

REC-SCHOOL LIAISON REPORT

Agreements between the Town Board of Selectmen and School District School Board provide for extensive collaboration between the two: The Town Park & Recreation Department schedules school buildings and grounds outside of school usage. Vehicles and equipment-truck, buses, tractor, rakes etc.-are shared with the school providing upkeep and the town insurance, when appropriate. Recreation employees contribute significantly to the community outdoor recreation project development on school property. Maintenance occurs on all school and town properties.

It was disappointing to me to not receive consent of the Selectmen to submit an application which might have provided town and school a \$400,000 Community Center having the potential to generate enough income to offset overhead costs. The demand for school owned building space exceeds its availability, particularly during the November-March interval. Perhaps the project can receive consideration in the next funding cycle.

The cooperation of Rec Director Rick Bates with certain school teachers resulted in a number of unique "outing club" type activities adding new dimensions in co-curricular activity for many students.

In order to "balance up" project reimbursements and school district advanced funding for the end of FY 83, steps were taken to close the Outdoor Rec project at that point. This left some loose ends which will be completed in Spring 1984. At that time, perhaps in May, it is planned for a "grand glorious" weekend to "kick off" total usage of the area as a community resource.

Individuals, families, organizations will be invited to plan picnics, outings and informal and formal events.

Respectfully submitted,
Hugh Holt

PRINCIPAL'S REPORT
JOSEPH T. KOROWSKI, PRINCIPAL
RAYMOND JUNIOR-SENIOR HIGH SCHOOL

As I strongly mentioned in last year's report, the issue of space continues to be a problem for both the middle school and the secondary programs. There have been some community concerns regarding building needs in relationship to our current number of course offerings and class sizes. It is true that we have some class sizes that are considerably below what any educator or parent would believe to be an overcrowded situation. We have advanced business courses with a dozen students enrolled as well as advanced math classes with similar student numbers. The same would hold true in advanced areas in social studies, science, and unified arts. This situation exists exclusively in the secondary program and as a result of the community of Raymond doing its job in addressing the Minimum Standards for the maintenance of an approved high school program in the state of New Hampshire.

Further, the town is meeting its responsibility of providing educational opportunities that compliment the intelligence standards and demands of students at varied aptitude levels. A student should be able to learn the basic skills necessary for everyday life; further, a student should be able to aspire to the highest levels of educational success. We want to continue to help students qualify for acceptance in major universities and colleges, including the military academies. By offering classes that are comparable to other high schools in the country, we can ensure a fair chance for our Raymond youth. With the current student population growth, in relationship to our current facility, we could not even begin to expand our educational program to address our President's expectations in the areas of "excellence."

There is a bright side to our situation in that two years ago our Curriculum Council and the Raymond School Board approved a program which increased our Minimum Standards for graduation and for required courses. This put us ahead of the current Minimum Standards set forth by the state at the time. Both the Curriculum Council and the Raymond School Board deserve considerable credit for having the foresight and willingness to forge ahead in a style that exemplifies educational leadership.

Our athletic and co-curricular programs at the secondary level continue to grow and provide opportunities for students to get the most out of their four high school years. We are grateful for the support of the town Recreation Commission and the citizenry for the emphasis on our outside athletic structure. I consider our fields to be some of the finest in the state when compared to other schools of our size. The many students, staff members, and residents of the town who actively supported the Olympathon two years ago provided the crowning touch to this complex. Their financial support and genuine physical effort resulted in the fields being lighted. Many events have already been held under the lights, and I personally feel that this project did a great deal to enhance the self-esteem of many of the members of the educational community at Raymond. Two individuals that I feel contributed the most to the project, in time and overall hard work, are Hughin Holt and Rick Bates. We can also thank both of them for taking the initiative to pursue government aid for the project, which resulted in doubling the original monies earned by the Olympathon. Ivan Reed contributed a great deal of his own time to the project as well as many other persons which time would prevent me from mentioning. On behalf of the educational community, I thank them all.

Our athletic teams, such as, soccer, basketball, volleyball, track, and cross-country, all had good seasons in that each participant learned the importance of healthy competition. Even when we lose, our individual players continue to win at Raymond as they learn the importance of consideration for their fellow human beings. Our ever-growing cheerleading squad is a good example of positive team work and intra-student relationships. Our Outing Club was initiated by a small group of conscientious staff members for the express purpose of giving all types of students an opportunity to participate in student activities. They climbed mountains, biked many miles, took in a live theater production, and dined out in gourmet fashion. They had an opportunity to broaden their own perceptions of the world around them, and I believe we will all benefit from that type of positive growth.

Our student government is beginning to take a more active role both in and out of the school. This fall, our student council sponsored and organized the "Chemical People" program, which got off to an extremely successful start. In a recent meeting with principals throughout the state of New Hampshire, I learned that we had the highest student/parent involvement in relation to the size of our town. I am still disappointed, however, by the lack of attendance at these sessions by parents and students who are experiencing the problems of chemical abuse on a first-hand basis. According to Erik Erikson, who is considered to be the father of the concept of "identity crisis" throughout the world, "...it is easy to handle your problem; you simply have to sublimate..." When Erikson made that statement, he was referring to a changing structure in our society. Lifetimes filled with multi-mariages have changed the sense of positiveness we had toward our children. The same applies to the single parent who can no longer devote a lifetime to child raising. Even families with a traditional pattern (i.e. one spouse for life) are faced with the perplexity of the changing structure of other families around them. Because the structure has changed, the problems have changed. Drug abuse, sexual promiscuity, civil disorders, and failure in school can all be interrelated. Erikson suggests that adults "sublimate" by taking a new approach to the rearing of children who are their responsibility. Even in the traditional household, a new approach is necessary.

The fact is that the school and many members of the adult community should be in a partnership that addresses the caring for children. Children are not our personal possession; they are our responsibility. School programs in the evening are designed to facilitate interaction between and among those people who must "care" for children.

No matter how impressive our citizen turnout is for a particular school presentation, I am always disappointed. I know there are those who are not there that could benefit. The bottom line is that we need active adult involvement in the schooling of the young people of Raymond. This means showing up at Parents' Night, supporting students by attending their athletic events and other programs, such as drama and music, and attending special programs provided by the school. We cannot and should not do it alone.

The success of the current middle school program is a direct result of adult support and active involvement in the program. The core group of parents has expanded to a larger group

consisting of over thirty members. They have met regularly with teachers and administrators to discuss and plan for the educational process that affect the young people for whom they are responsible. As many of you know, the program for the grade 6-8 students has evolved into what some educators would consider to be a model for the state and nation. During the fall of 1983, we were visited by a team from the National Association of Core Curriculum. The members of the group included the director of grade education for Kent State University; a core curriculum director from Rochester, New York; and curriculum director for Philadelphia, Pennsylvania.

The team examined only the program and not the facility, but they did recognize the fact that we are operating under extremely overcrowded conditions. In fact, contrary to the secondary program, our actual class rooms are very overcrowded for grades 6-8, many of which are over thirty pupils in small rooms. The team concluded the following;

- More than adequate time is being given to the core subjects: language arts, math, science and social studies.
- Every other part of the program is built around the core subjects: this is a plus.
- Raymond Middle School was commended for its writing program.
- The organization of our unified arts program including, art, music, health, industrial arts, home economics, and physical education, reading and spanish, is very unique. The team borrowed this idea from us to take to other schools.
- We were complimented for our interdisciplinary units, that is, all teachers and students working around a central theme. Our 7th grade team was asked to write up their unit on the medieval activities and to submit it to the National Association of Core Curriculum as an excellent model to be circulated to other schools.
- We were cited for flexible scheduling and for defining schedules that are tailored to meet the needs of each individual grade level.
- The team was impressed with the murals painted on the walls, which are a result of student and teacher participation.

It was very rewarding to hear positive comments from experts in the field and to be approached by other middle schoolers for help in starting up their programs. All of Raymond should be proud of this achievement in a short period of time which will be highlighted in a major magazine article in a publication entitled Core Teacher. Again, the success of the program is a result of a team effort by the community and the school.

There are many areas that I would like to address, but in the interest of brevity, I feel that I should limit the length of the writing.

In conclusion, I would like to thank the supervisory union along with everyone in

Raymond who believes in education and who substantiates that belief through positive interaction with schools. Many of our staff members are currently pursuing higher degree programs for self-improvement that directly benefit Raymond students. It has been very rewarding to be associated with professionals with that type of commitment. I appreciate the gestures of the many people in the community who accentuate the good in our students and programs while they work with us to build and strengthen the weaker areas. The participative support by the Raymond School Board is most gratifying.

SCHOOL NURSE
RAYMOND JR./SR. HIGH SCHOOL

This school year has again been a very busy one! Height, weight, vision, and hearing examinations were fully completed in all classes before December 1982. All transfer students were done as they were admitted to Raymond Junior-Senior High School.

During this year, a throat culture program was started at the junior-senior high school. Parents may contact the school nurse to arrange for a throat culture. The reasons for having a throat culture would be; 1. Temperature with a sore throat. 2. Sore throat more than two days. 3. Swollen glands. 4. White patches in back of throat.

First aid was rendered to approximately 410 students. Sports examinations were done for 200

students; this included, a blood pressure check, a check for scoliosis, and a visit with the school doctor. Please notify the school nurse when immunizations have been updated.

Mrs. Evelyn Bechtel, R.N., director of the Bureau of Maternal and Child Health Programs, again asked our high school students to participate in the pre-school hearing-vision screening. This year we received a letter commending our students for their ability and professionalism.

Respectfully submitted,
Sandra Appleton, School Nurse

LAMPREY RIVER ELEMENTARY SCHOOL
Nurse's Report

1. First aid was rendered to students and staff on a daily basis.
2. Head checks were conducted on all students.
3. Preschool screening for 102 four-and five-year-old children for vision and hearing problems was done on April 5, 1983.

The opening of school for the 1982-83 school year was uncomplicated. With the cooperation of parents, all first graders had their physicals and immunizations up-to-date. Other new students entering this year presented their list of immunizations before entering school as requested by school board policy. This new school board ruling not only saved time, but kept those children already in school protected against a child who possibly was not.

Yearly vision, hearing (puretone and impedance), height, and weight screenings were completed with 502 students. Parents were contacted when failures were noted.

The State Bureau of Dental Health once again came to instruct our students regarding proper oral hygiene. Those students whose parents had given permission were included in the program. The objectives of this program are:

1. To substantially prevent tooth decay through regular periodic rinsing the teeth with flouride solution.
2. To help the student develop habits necessary for effective oral hygiene.

3. To reduce dental disease in the child.

The elementary school has an incubator in order that throat cultures may be taken and read at school. Testing for strep throat allows me to be aware of students with strep throat. Eliminating children from school until they receive medication protects other students from also becoming ill.

I participated in the Child Find for Raymond, in the areas of hearing and vision screenings for our future students. Early detection helps to correct problems before children enter school.

Again this year, the fifth grade students were shown a film, and instructions were provided on *Becoming A Man* and *Becoming A Woman*.

The introduction of the incubator for throat cultures, impedance machine for auditory testing, head checks for lice control, up-to-date immunizations for disease control, phone calls from parents for present disease awareness, dental hygiene being taught and practiced for effective cavity control, are all contributions for the protection and medical prevention for our students.

Respectfully submitted,

Charlyne Allard, R.N.
School Nurse

SCHOOL LUNCH REPORT

Susan Marangelli, Director

Our lunch program began with a "rocky" start this year due to the hiring of new personnel and illness, but we are all learning together and things are really coming into place. Our theme for the 1983-84 school year is "Program of Power."

Our first event this year was National School Lunch Week. All staff and students at both schools were invited to eat a "power-source-meal" which was free to all. Of course, this was a very successful day, with over 1,100 meals served. The art departments at each school lined the cafeteria with posters and displays of Mr. Power Source. We would like to thank the press for their excellent coverage of this special event.

Participation in the lunch program is great. We are now serving 450-500 meals daily at the junior-senior high school and approximately 390-420 at the elementary school. We are always looking for new and interesting ways to improve our meals and participation.

In January we will start to offer a salad bar one day a week at the elementary school. It should go over well. Also, a choice of foods will be offered on some menus at the elementary school in the near

future. We now offer three choices at the high school; two on the main line, and one on the salad bar. Both are doing very well.

I am pleased to inform you that we have started a "nutrition awareness" program which is being funded by a mini-grant for the 1983-84 school year.

The grant was applied for last spring with the help of Food and Nutrition of New Hampshire, and Deborah Edgecomb, R.D., Associated Education Consultant.

Marilyn Lindquist, Gretchen Loeffler, and the food service staff at the elementary school are working on an "on-going" San Jose Nutrition Education Program. In January 1984, Susan Marangelli, Sandra Appleton, Donna Borowick, and the food service staff will be working on a nutrition and fitness program at the junior-senior high school. This is a good start. Eventually, I would like to be the resource for teachers to come and get information on foods, films, worksheets, etc.

Our personnel at both schools are very important people. They all have a positive attitude and are happy to be a part of the Raymond School Lunch Bunch.

GOVERNMENTAL LIAISON REPORT

This past year has been a significant year for the Raymond Schools. Next year promises to be an even more important one.

At the last legislative session the cities, towns and school districts did not make out well. The Governor's budget, replete with footnotes and if approved unaltered, would have blown local budgets and taxes right out of sight. As it was, representatives of the N.H. Municipal Association, the School Boards Association, School Administrators, School Special Education Administrators and others were able to provide information to legislative committees and reduce final budgetary impact somewhat.

Notwithstanding, the final budget left unfunded many basic state commitments to local government, having the effect of balancing state budget by passing along more costs to towns and schools. At the same time the Governor was suggesting that increases in local tax rates were the result of irresponsible spending at town and school meetings.

Presently the Governor is projecting and taking credit for a sizeable state surplus for the bienium. We hope that local parents and taxpayers would view this circumstance in the context of short funding of state commitments to our town and schools.

Which brings us to next year.

We expect that the tax equity lawsuit against the State to which the Raymond Schools are a plaintiff will come to active trial very shortly. It may be regarded as an encouraging sign that the State has taken so long to put together its defense and that the Governor and the Union Leader have been engaged in trying to convince people that the amount of money that a school district is reasonably able to spend on education has nothing to do with the quality of its schools or its educational product.

The tax equity lawsuit says that the taxpayers in property base poor towns like Raymond are paying much more school tax on property of similar market value than those in richer towns. But that the result is that the poor town ends up with much less money per pupil and fewer educational advantages for its students than have those in the richer towns. More tax effort with less money produced. Constitutionally, education is a state responsibility and our State Constitution says that taxes must be assessed with equity to taxpayers.

Also, this Spring New Hampshire will hold its first Constitutional Convention in ten years. It is ironic that a former governor, who was once a ConCon member speaking for a state income tax and who was a school board member seeking more state assistance to his school to provide vocational education, is heading a movement to hamstring the legislature in raising revenues, to give the Governor a line item veto etc. This shows little respect for our citizen legislature and is not in the best interest of Raymond

Obviously there are those who will take exception with the positions I've stated which I believe to be in the best interest of Raymond-its students, and taxpayers. I'd ask that they rethink their positions. In any event, it is my responsibility to be politically active. It is naive to believe that governmental decisions are made outside the context of lobbying.

We're most appreciative with the responsiveness of our legislative delegation in providing us with copies of bills and information regarding hearings etc. Especially helpful have been Representative Peg Case and Senator Bill Johnson.

Respectfully submitted,
Hugh Holt

RAYMOND STAFF DEVELOPMENT COMMITTEE

The Raymond Staff Development Committee has seen a few changes in the teachers toward their goals. After surveying the teachers, a workshop was offered during the year.

Many teachers took courses this past year instead of the workshop. Many felt courses gave them more than the 2-4 hour workshop. Through these courses the teachers plus our students benefit. The teachers have brought back many new ideas to their classroom.

The committee has been working on the

financial section of the Master Plan. The committee feels there is not enough money to help our teachers improve themselves. To keep our teachers up to date we must support them.

At this time I would like to thank all members on the committee for the time and effort put in. Also a thanks to all townspeople for the support of the Staff Development Committee.

Respectfully submitted,
Sandra Ellis, Chairperson

TRANSPORTATION COMMITTEE REPORT

The Transportation Committee has met regularly every month during the school year. This committee is an advisory group to the school administration.

During the year's routes, stops and overcrowding of buses have been discussed, worked on, and changes were made. Many hours were spent with a consultant. Bus routes, stops and the best possible ways to use the buses were studied.

CB radio's were installed in all buses this past year. They have worked out successfully. Through the use of CB's if a driver has a problem with the bus, help has arrived very fast. When there is

trouble on the bus, with the help of this dispatch center calling the school, an administrator is out to meet that bus upon its return to school. During bad storms parents have called the dispatch center to inform the driver of an area that is blocked or dangerous.

The Transportation Committee, at this time, would like to thank parents, teachers and Raymond police and dispatch center for their support.

Respectfully submitted,
Sandra Ellis

CURRICULUM COUNCIL REPORT 1982-83

The Curriculum Council report for the 1982-83 school year will summarize the presentations, proposals, and activities brought before the council. It will be divided into three main sections each corresponding to one of the council's major activities; (1) review of existing curriculum, (2) action taken on proposed curriculum change, (3) other matters relating to curriculum.

CURRICULUM REVIEW

Elementary School

A presentation on the science readiness curriculum was given by Mary Gingras, representative of the Science Committee. She described the main topics that are addressed each year.

Mrs. Mesmer and Mrs. Lassins presented the readiness through fifth grade math curriculum including some revisions.

Middle School

Barry Albert gave the Middle School Committee Report. He commented on the characteristics of a good middle school. He described how each grade level team functioned in regard to academics, team teaching, interdisciplinary units, and extra activities to name just a few. He also emphasized how valuable common team planning time was for the teachers where they could plan their program of academics for the upcoming week as well as be able to meet with parents.

High School

Charlotte Mason and Ken Latchaw gave an update on the comprehensive Industrial Arts five year plan. The need for changes in the Industrial Arts curriculum included meeting State Safety Standards, exposing students to different aspects of Industrial Arts, and a need to prepare students for vocational school. One basic problem that remains is the limited space available for Industrial Arts.

Chris George presented the World Geography course which is an elective offered at the tenth grade level.

George Kenney presented the music curriculum that is offered at the middle school and high school levels. He described the curriculum as it now exists and made some recommendations for the music program at the middle school level.

PROPOSED CURRICULUM CHANGE

Elementary School

Lucille DiCicco presented the Lamprey River Elementary School Writing Skills Program. The focus of the program is threefold - grammar, mechanics, and creative writing. The council voted to accept the writing program.

High School

The council heard a report from Shirley Proper on the course she was field testing for the state department of education entitled *Adult Roles and Functions*. She expressed her belief that the course was very appropriate in teaching life skills, and that the course become part of the curriculum with adjustments made on some sections to meet the needs of the students of Raymond.

The following courses were approved by the council for inclusion in the 1983-84 course description book: Survival: Auto and Home Maintenance: Cabinet Making: Intermediate Typing: Artorama: and General Algebra II.

OTHER MATTERS RELATING TO CURRICULUM

Members of the council met at the Region #18 Vocational Center for their October meeting. The meeting was informational in nature and included a tour of the facility. Transition committees were set up between the elementary, middle, and high schools in the areas of writing, math, and science.

Barbara Watts
Chairperson

ENRICHMENT TRIAD PROGRAM

The 1983-84 Enrichment Triad Program for gifted/talented students began early in November with 20 students identified and enrolled in various programs. Director for the program is Diana Dawes.

Students are working on computer programs, independent studies, Classical Greek studies, journalism, creative writing and math studies.

This year four seventh graders were chosen to participate in the Johns Hopkins University sponsored program which encourages able students to take early scholastic aptitude tests (SAT). These students must have verbal or math achievement scores in the 98-99 percentile range. They took the tests in January after participating in a series of workshops.

The Triad Program is a three-point program where opportunities to participate in teacher-directed curriculum units, independent explorations and group projects are offered to

challenge students who may be academically gifted or have leadership, motivational and creative talents. Selection for the program is ongoing, using nationally recognized criteria, determined by a school placement team.

Parent involvement is an essential part of the program and in November a guest speaker from the N.H. Support Association for Gifted Education (SAGE) presented her experience in the Amherst School District. Parents showed an interest in forming a branch chapter of the Association.

The Enrichment Triad Program is funded through the school budget for a 3/5 position at the Middle and High School level. Plans are underway to ask the Raymond Curriculum Council for academic credit for students who participate in the program, as they are currently expected to maintain class assignments, in addition to advanced work they may be doing within the program.

REPORT OF SCHOOL DISTRICT TREASURER

for the
Fiscal Year July 1, 1982 to June 30, 1983

SUMMARY

Cash on Hand July 1, 1982 (Treasurer's bank balance)		\$ 52,978.43
Received from Selectmen:

ACCOUNTANT'S REPORT ON FINANCIAL PRESENTATION

To the Members of the School Board
Raymond School District
Raymond, New Hampshire

We have examined the combined financial statements and the combining fund and account group financial statements of the Raymond School District as of and for the year ended June 30, 1983, as listed in the accompanying table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note IB, the combined financial statements referred to above do not include financial statements of the General Fixed Asset group of accounts, which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset group of accounts results in an incomplete presentation as explained in the above paragraph, the combined financial statements and the combining fund and account group financial statements referred to above present fairly the financial position of the Raymond School District at June 30, 1983 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The combining fund and account group financial statements and supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the combined financial statements of the Raymond School District. The information has been subjected to the auditing procedures applied in the examination of the combined financial statements and, in our opinion, is stated fairly in all material respects in relation to the combined financial statements taken as a whole.

October 5, 1983

The remainder of the entire Raymond School District audit may be reviewed by the public at either Raymond School or at the Raymond Town Library

RAYMOND SCHOOL DISTRICT

STATE OF NEW HAMPSHIRE

**SCHOOL WARRANT FOR ELECTION OF
OFFICERS**

TO THE INHABITANTS OF THE SCHOOL
DISTRICT, IN THE TOWN OF RAYMOND,
NEW HAMPSHIRE, QUALIFIED TO VOTE IN
DISTRICT AFFAIRS:

*You are hereby notified to meet at the Raymond
High School, in said District, on the thirteenth day
of March 1984 at Ten O'Clock in the morning, to
act upon the following subject:*

*To choose School District Officers for the
ensuing year.*

THE POLLS WILL REMAIN OPEN FROM TEN
O'CLOCK IN THE MORNING UNTIL SEVEN
O'CLOCK IN THE AFTERNOON AND AS
MUCH LONGER THEREAFTER AS THE
VOTERS OF THE SCHOOL DISTRICT, AT
THE BEGINNING OF THE MEETING, MAY
VOTE.

*Given under our hands and seal this ———
day of February, 1984.*

**SCHOOL BOARD OF RAYMOND, NEW
HAMPSHIRE**

Kathleen M. Hoelzel, Chairperson

Maurice E. Demeritt, Jr.

Sandra L. Ellis

Hughin D. Holt

Susan H. Newton

**RAYMOND SCHOOL DISTRICT
WARRANT
STATE OF NEW HAMPSHIRE**

TO THE INHABITANTS OF THE SCHOOL
DISTRICT, IN THE TOWN OF RAYMOND,
NEW HAMPSHIRE, QUALIFIED TO VOTE IN
DISTRICT AFFAIRS:

You are hereby notified to meet at the
Community Gymnasium in said District, on the
tenth day of March, 1984 at three-thirty p.m. in
the afternoon to act upon the following articles:

1. To hear the report of auditors and pass any
vote relating thereto.

2. To see if the District will vote to authorize the
School Board to apply for, accept and expend,
without further action by the School District
Meeting, money from the State, Federal or other
governmental unit or a private source which
becomes available during the 1984-85 school fiscal
year provided that such expenditures be made for
the purposes for which a School District may
appropriate money and that such expenditure not
require the expenditure of other School District
funds. Further, that the School Board hold a public
hearing prior to accepting and spending such
money.

3. To see if the District will vote to accept and
expend funds in the amounts set forth below
which may be made available to the District
through the following Federal programs:

ECIA Block Grants	\$5,000.00
Energy Conservation Grants	\$2,500.00
Miscellaneous	\$2,500.00

The amounts of money set forth above for each
program are estimated and the amount
appropriated for any one program may be
overexpended so long as the total amount for all of
the above programs does not exceed Ten
Thousand and 00/100 (\$10,000.00) Dollars.

4. To choose one Raymond voter to serve as a
member of the Raymond School District Staff
Development Committee for two years.

5. To see if the District will vote to raise and
appropriate Five Thousand and 00/100
(\$5,000.00) Dollars as a contingency fund, to meet
the cost of unanticipated expenses, all in
accordance with RSA 198:4-b. Further, that any
surplus in this account at the close of the fiscal year
be transferred to the Capital Reserve Fund for
renovation of existing buildings and the
construction of additional school buildings, and for
the cost of such renovations and construction.

6. To see if the District will vote to appropriate
One and 00/100 (\$1.00) Dollar to acquire an
option on approximately twenty-four (24) acres of
land located in the proposed Blueberry Hill
Estates Subdivision, Raymond, New Hampshire,
from Blueberry Hill Associates, such option to
continue through March 30, 1985.

7. To see if the District will vote to authorize the
School Board to consider the construction of an
additional approved school facility in the amount
of approximately Four Million and 00/100
(\$4,000,000.00) Dollars.

8. To see if the district will direct the School

7. To see if the District will vote to authorize the School Board to consider the construction of an additional approved school facility in the amount of approximately Four Million and 00/100 (\$4,000,000.00) Dollars.

8. To see if the district will direct the School Board to initiate steps for tuitioning Raymond High School students out-of-district commencing with ninth graders in the 1985-86 school year, progressing by grade yearly to include all high school students by the 1988-89 school year.

9. To see if the District will vote to instruct the School Board to petition the State Board of Education for authorization to withdraw the Raymond School District from School Administrative Unit #15, and to form its own School Administrative Unit.

10. To see if the District will vote to raise and appropriate a sum of money to fund the cost items related to an increase in teachers' salaries and benefits attributable to the Collective Bargaining Agreement being entered into by the Raymond School Board and the Raymond Teachers Organization for the 1984-85 fiscal year. Such sum of money represents the additional costs attributable to an increase in salaries and benefits

over those obligations payable under the prior Collective Bargaining Agreement. (This article will be acted upon only if a Collective Bargaining Agreement has been achieved before the Annual District Meeting).

11. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries and benefits for school district officials and agents other than benefit and salary increases to teachers; and, for the payment of the statutory obligations of the District.

To transact any other business that may legally come before this meeting.

GIVEN UNDER OUR HANDS AND SEAL
THIS 16th DAY OF FEBRUARY, 1984.

SCHOOL BOARD OF RAYMOND, NEW
HAMPSHIRE

Kathleen M. Hoelzel, Chairperson
Maurice E. Demeritt, Jr.
Sandra L. Ellis

1100 REGULAR PROGRAMS. Instructional activities designed to provide grades K-12 students with learning experiences to prepare them for activities as citizens, family members, and non-vocational workers as contrasted with programs designed to improve or overcome physical, mental, social and/or emotional handicaps.

1200 SPECIAL PROGRAMS. Instructional activities designed primarily to deal with students having special needs. The Special Programs include pre-kindergarten, kindergarten, elementary, and secondary services for the gifted and talented, mentally retarded, physically handicapped, emotionally disturbed, culturally different, students with learning disabilities, bilingual students, special programs for other types of students.

1300 VOCATIONAL PROGRAMS. Instructional activities that provide students with the opportunity to develop the knowledge, skills and attitudes needed for employment in an occupational area.

1400 OTHER INSTRUCTIONAL PROGRAMS. Activities that provide grades K-12 students with learning experiences not included in the Function codes 1100,1200,1300 and 1600.

1600 ADULT/CONTINUING EDUCATION PROGRAMS. Instructional activities designed to develop knowledge and skills to meet immediate and long range educational objectives of adults who, having completed or interrupted formal schooling, have accepted adult roles and responsibilities. Programs

2110 ATTENDANCE AND SOCIAL WORK SERVICES. Activities which have as their purpose the improvement of the attendance of students at school and which attempt to prevent or solve the problems of students which involve the home, the school, and the community.

2120 GUIDANCE SERVICES. Activities involving counseling with students and parents, providing consultation with other staff members on learning problems, evaluating the abilities of pupils, assisting students as they make their own educational and career plans and choices, assisting students in personal and social development, providing referral assistance, and working with other staff members in planning and conducting guidance programs for pupils.

2130 HEALTH SERVICES. Physical and mental health services which are not direct instruction. Included are activities that provide students with appropriate medical, dental, and nursing services.

2140 PSYCHOLOGICAL SERVICES.Activities concerned with administering psychological tests and interpreting the results, gathering and interpreting information about student behavior, working with other staff members in planning school programs to meet the special needs of pupils as indicated by psychological tests, and behavioral evaluation and planning and managing a program of psychological services, including psychological counseling for students, staff, and parents.

2150 SPEECH PATHOLOGY AND AUDIOLOGY SERVICES. Activities which have as their purpose the identification, assessment, and treatment of children with impairments in speech, hearing and language.

2190 OTHER SUPPORT SERVICES - PUPILS. Other support services to pupils not classified elsewhere in the 2100 series.

2210 IMPROVEMENT OF INSTRUCTION SERVICES. Activities which are designed primarily for assisting instructional staff in planning, developing, and evaluating the process of providing challenging learning experiences for students.

2220 EDUCATIONAL MEDIA SERVICES. Educational media are defined as any devices, content materials, methods, or experiences used for teaching and learning purposes. Activities concerned with the use of all teaching and learning resources, including hardware, and content materials. These include printed and nonprinted sensory materials.

2300 SUPPORT SERVICES-GENERAL ADMINISTRATION. Activities concerned with establishing and administering policy in connection with operating the LEA.

2310 **SCHOOL BOARD SERVICES.** Activities of the elected body which has been created according to State law and vested with responsibilities for educational activities in a given administrative unit.

2320 **OFFICE OF THE SUPERINTENDENT SERVICES.** Activities associated with the overall general administration of or executive responsibility for the entire LEA.

2390 **OTHER SUPPORT SERVICES - GENERAL ADMINISTRATION.** Other support services to general administration not classified elsewhere in the 2300 series.

2400 **SUPPORT SERVICES - SCHOOL ADMINISTRATION.** Activities concerned with overall administrative responsibility for a school.

2540 **OPERATION AND MAINTENANCE OF PLANT SERVICES.** Activities concerned with keeping the physical plant open, comfortable, and safe for use, and keeping the grounds, buildings, and equipment in effective working condition and state of repair. This includes the activities of maintaining safety in buildings, on the grounds, and in the vicinity of schools.

2550 **PUPIL TRANSPORTATION SERVICES.** Activities concerned with the conveyance of pupils to and from school, as provided by State and Federal law. It includes trips between home and school, and trips to school activities.

4000 **FACILITIES ACQUISITION AND CONSTRUCTION SERVICES.** Activities concerned with the acquisition of land and buildings; remodeling buildings; the construction of buildings and additions to buildings; initial installation or extension of service systems and other built-in equipment; and improvements to sites.

2900 **OTHER SUPPORT SERVICES.** All other support services which are not properly classified elsewhere in the 2000 series.

3000 **COMMUNITY SERVICES.** Activities which are not directly related to providing educational services in an LEA.

5100 **DEBT SERVICE.** Servicing of the debt of the LEA including payments of both principal and interest.

5200 **FUND TRANSFERS.** Transactions which withdraw money from one fund and place it in another without recourse. Fund transfers budgeted to another functional activity, such as food service or transportation are coded to the appropriate function.

Revenues should be allocated to the appropriate funds when received.
